Part II Record of Railroad Retirement Tax Liability

Changes To Note

Electronic deposit requirement. If your total deposits of income tax withheld and social security, Medicare, and railroad retirement taxes were more than \$50,000 in 1996, you must make electronic deposits for all depository tax liabilities that occur after 1997. If you were required to deposit by electronic funds transfer in prior years, continue to do so in 1998. The Electronic Federal Tax Payment System (EFTPS) or RRBLINK must be used to make electronic deposits. However, if you make your Form CT-1 deposits through the Federal Reserve Bank of New York as required by Rev. Proc. 83-90, 1983-2 C.B. 615, you may continue to use that method of payment. If you are required to make deposits by electronic funds transfer and fail to do so, you may be subject to a 10% penalty. If you were first required to use EFTPS/RRBLINK on or after July 1, 1997, no penalties for failure to use EFTPS/RRBLINK will be imposed prior to July 1, 1998. Taxpayers who are not required to make electronic deposits may voluntarily participate in EFTPS/RRBLINK. To enroll in EFTPS, call 1-800-945-8400 or 1-800-555-4477. For general information about EFTPS call 1-800-829-1040. To enroll in RRBLINK, call 1-888-273-2265.

Form 945-A. Lines labeled "ST" were added to Form 945-A (Rev. 10-97), Annual Record of Federal Tax Liability, for you to enter your monthly supplemental annuity work-hour tax. See Instructions below.

Instructions

Complete the Monthly Summary of Railroad Retirement Tax Liability below only if you were a monthly schedule depositor for the entire year. Enter your Tier I and Tier II taxes and the supplemental annuity work-hour tax on the lines provided for each month. Enter the special supplemental annuity tax (Forms G-241) on the line provided in the third month of each quarter.

If you were a **semiweekly** schedule depositor during any part of the year or you accumulated **\$100,000** or more on any day during a deposit period, you must complete Form 945-A. Do not complete the monthly summary below.

On Form 945-A for each payday, enter the sum of your employee and employer Tier I and Tier II taxes on the appropriate line. Enter your monthly supplemental annuity work-hour tax on the "ST" line for each month on Form 945-A (Rev. 10-97). Enter your special supplemental annuity tax from Forms G-241 to the right of the monthly title of the third month of each quarter just above line 17, and write "SST" to the left of this title just above line 1. Total the amounts for the months from lines A through L, including the "ST" and "SST" amounts. Enter the total on line M, Form 945-A.

The total liability for the year (line V below or line M on Form 945-A) should equal the total taxes for the year (line 18, Form CT-1). Otherwise, you may be charged a penalty for not making deposits of taxes.

Note: See the separate instructions for the deposit rules for railroad retirement taxes.

\$500 rule. If your total tax liability for the year (line 18) is less than \$500, no deposits are required, and this liability may be paid with the tax return. However, if you are unsure that you will accumulate less than \$500, deposit under the appropriate deposit rules so that you will not be subject to failure to deposit penalties.
