A Change To Note

Form 8328 has been revised for use by states to compute and carry forward unused volume cap for qualified public educational facility bonds. States will use **Part III** of Form 8328 to report under section 142(k)(5). Revised **Part II** of Form 8328 includes the computation of unused volume cap, and purpose and amount of each carryforward under section 146(f).

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Form 8328 is filed by the issuing authority of private activity bonds to elect to carry forward its unused volume cap for one or more carryforward purposes (see section 146(f)). If the election is made, bonds issued with respect to a specified carryforward purpose are not subject to the volume cap under section 146(a) during the 3 calendar years following the calendar year in which the carryforward arose, but only to the extent that the amount of such bonds does not exceed the amount of the carryforward elected for that purpose.

Also, Form 8328 is used by a state to carry forward the unused volume cap under section 142(k). A state may elect to carry forward an unused limitation for any calendar year for 3 calendar years following the calendar year in which the unused limitation arose under rules similar to the rules of section 146(f). However, this election can only be made for the issuance of qualified public educational facility bonds. For definitions related to qualified public educational facilities, see section 142(k).

When To File

Form 8328 must be filed by the earlier of: (1) February 15 of the calendar year following the year in which the excess amount arises, or (2) the date of issue of bonds issued pursuant to the carryforward election.

Once Form 8328 is filed, the issuer may not revoke the carryforward election or amend the carryforward amounts shown on this form.

Where To File

File Form 8328 with the Internal Revenue Service Center, Ogden, UT 84201.
