Part II

TAX YEAR
2003
FILING
SEASON
HIGHLIGHTS

Beginning with the 2004 filing season, the Internal Revenue Service (IRS) is extending *e-file* capabilities to the 1120 family of taxpayers through the MeF system, which uses a new architecture for electronic filing. In doing so, IRS is introducing a more efficient and scalable *e-file* system. Modernized e-File includes several new features which are different from other e-file programs.

➢ File paperless; Form 8453-C and Form 8453-S must be scanned and transmitted electronically with the tax return or a Practioner PIN must be used. IRS MeF will not accept paper copies of Form 8453-C or Form 8453-S.

➢ Electronically file and pay tax obligations at the same time; an Electronic Funds Withdrawal certification and payment document is available for electronic filing with the tax return.

➢ File tax returns year round; Corporate Income Tax Returns will be accepted throughout the year.

➢ Redesigned error condition codes with the error stated in plain English; Rejects are now referred to as "Business Rules" and have been restated to be specific in defining the location of the error.

➢ Eliminated the requirement of duplicate filing of certain international forms with the Philadelphia Submission Processing Center.

➢ File Fed/State beginning in 2005. Check with your Software Developer for availability of the Fed/State feature.

Implementation Dates

IRS will release the first two phases of MeF during 2004. IRS will begin accepting Release 1 forms on February 6, 2004 and Release 2 forms will be accepted beginning July 2004 (specific date to be announced). Exhibit 1, Accepted Forms and Schedules, for Forms 1120/1120S, identifies the 1120/1120S forms and schedules that will be accepted for Tax Year 2003 and the maximum number of forms that may be submitted with each return.

➢ Corporate Income Tax Returns will be accepted with tax periods ending December 2003 and subsequent.

➢ Fiscal Year returns will be accepted throughout the year (January through December). The first fiscal period accepted will be January 2004. A Fiscal Year tax return is a return whose tax period ends in a month other than December, and is not a Short Period or Final return.

➢ Corporate Income Tax Returns are due 2 ½ months after the end of the taxable year. For example, calendar year returns, with tax periods ending December, 2003, are due March 15, 2004. A corporate income tax return with a fiscal year ending tax period of January, 2004 is due April 15, 2004.

➢ The following chart depicts return due dates and due dates with an extension for specific tax periods.

➢ MeF allows for two types of attachments:

1. Attachments created with MeF software, and
2. Binary attachments (scanned documents that cannot be created with MeF software).

Approved tax preparation software should provide the necessary instructions for creating and submitting all required attachments. IRS prepared the list of Forms and Attachments in Exhibit 2 to assist you in the preparation of electronic returns. The list includes items from the following sources:

• Required by the return. Example – a line on the form states "attach itemized schedule"
• Required by the form instructions. Example – instructions state "attach a statement to line XX…"

Approved MeF tax preparation software should provide the necessary instructions for creating and submitting these attachments. In addition, approved software should provide guidance for creating other attachments that are required by IRS Publications, Code, and/or Regulations.

MeF software may also provide Preparers the capability to scan or export documents in PDF format (i.e. Appraiser Statements, Meeting Notes, and Signature Documents) and submit them as binary attachments. ***Only attachments that cannot be input into the MeF attachment software can be submitted as binary attachments.*** Preparers will create PDF documents (scan or export) and submit them as electronic files attached to the MeF return. Check with your Software Provider to see if your software will support binary attachments.

➢ **Special Instructions for "schedule" attachments to Form 8865:**

In many instances information from various Form 1065, schedules will be the same required to be filed with the Form 8865, Return of US Person with Respect to Certain Foreign Partnerships schedules. If a taxpayer has already prepared the Form 1065 and has completed Schedules B, D, K, K1, L, M-1, M-2, do **NOT** attach the Form 1065 schedules to the return, instead the data from the Form 1065 schedules should be formatted into the corresponding Form 8865 schedules.

➢ **Special Instructions for Form 8838**

Form 8838, Consent to Extend the Time to Assess Tax Under Section 367 – Gain Recognition Agreement, will be made available on most software, however, because the consenting taxpayer signatures can only be present on the original Form 8838, the IRS will require that Form 8838 be submitted as a binary attachment to the electronic Forms 1120/1120S.

Duplicate Filing of International Forms with Philadelphia Submission Processing Center

MeF has eliminated the need for corporations to submit duplicate copies of the forms listed below to the Philadelphia Submission Processing Center (PSPC), when the form is attached electronically to the Form 1120/1120S.

- ➢ Form 5471---Information Return of US Persons With Respect To Certain Foreign Corporations
- ➢ Form 5472---Information Return of a 25% Foreign-Owned US Corporation or a Foreign Corporation Engaged in a US Trade or Business
- ➢ Form 5713---International Boycott Report

Foreign Address

MeF will not accept corporate income tax returns with a foreign address in the entity portion of the Form 1120 or 1120S until Release 2 is implemented. However, other forms or *any attachments* to the corporate income tax return may contain foreign addresses and be filed in Release 1.

There will be instances in the preparation of the tax returns, forms, or attachments when the preparer is directed to enter the two character Foreign Country Code. This code should always be the code of the Foreign Country or Foreign Sovereignty as recognized by the US State Department.   For example; Scotland, Wales, and England are part of the foreign country United Kingdom. The Foreign Country Code for United Kingdom is UK. As well, the Balearic Islands are a part of Spain and should be coded as Spain, "SP". These are just a few examples. When entering foreign addresses in the return or forms, the state or republic (such as Scotland or England) can be entered with the city; "London, England" and the country as "United Kingdom" or "UK". (See Exhibit 3 for a list of the Foreign Country Codes)

MeF requires taxpayers and Electronic Return Providers (EROs) to use one of the alternative signature options for signing electronic returns. Most software will provide the ERO with both signature options.

Practitioner PIN Option

The Practitioner PIN option can only be used if the taxpayer uses an ERO. This signature option allows the taxpayer and ERO to select a personal identification number (PIN), which they will use to sign their electronic tax return. The Practitioner PIN method consists of two PINs—one for the taxpayer and one for the ERO. The Taxpayer's PIN must be 5 numeric characters and cannot contain all zeros. The ERO's PIN is an 11 position PIN. The first 6 positions of the Practitioner PIN will be made up of the EFIN of the ERO and the next 5 positions will be made up of 5 numeric characters that the ERO will select. The business taxpayer can select to enter their own PIN or they can authorize the ERO to enter the PIN they selected as their signature on the electronic return. The Forms 8879-C or 8879-S, IRS *e-file* Signature Authorization, will have to be completed by the taxpayer and ERO for each return that is prepared using the Practitioner PIN method.

Note: EROs should confirm the identity of the taxpayer when completing Form 8879-C or 8879-S, IRS e-file Signature Authorization, prior to transmitting returns to IRS. EROs participating in the Practitioner PIN method must retain Forms 8879-C and/or 8879-S for three years from the return due date or IRS Receive Date, whichever is later. **Do Not Mail** Form 8879-C or Form 8879-S to IRS.

Scanned Form 8453 Option

If this option is chosen, the ERO or taxpayer must ensure that the software they are using allows for binary attachments. (See section titled Attachments in this document). The Forms 8453-C or 8453-S will be completed and signed by all required parties and then scanned into a PDF document and inserted into the electronic return as a binary attachment. The binary attachment must be named "8453 Signature Document". The software you use will provide instructions for including the scanned document with your electronic tax return.

If the ERO makes changes to the electronic return after Form 8453 has been signed by the taxpayer (whether it was before transmitting or if the return was rejected after transmission) returns can be corrected and transmitted without new signatures or authorizations if changes are not more than $150 to "Total Income" or more than $100 to "Taxable income". If the changes are more than the amounts listed, the taxpayer is required to sign a new 8453 or 8879 and must be given a copy of the applicable document (either paper or electronic).

Note: This option is the only signature method available for a taxpayer who is filing through an On-Line Provider.

Payment Options

Corporate business taxpayers can e-file and pay balance dues returns electronically in a single step. You can authorize an electronic funds withdrawal to pay the balance due on a Form 1120 or 1120S through the new MeF system using the following options.

Electronic Federal Tax Payment System (EFTPS)
Pay all of your taxes electronically using the Electronic Federal Tax Payment System (EFTPS). Once you are enrolled, you can pay all types of taxes year round. For more information on electronic deposit options, visit www.irs.gov/efile and click on "Electronic Payment Options".

Electronic Funds Withdrawal (EFW)
An optional Electronic Funds Withdrawal (EFW) is available with balance due returns. The corporation may authorize the US Department of Treasury (through a Treasury Financial Agent) to transfer money from their bank account to the Treasury account. The Form 8453-C/8453-S or 8879-C/8879-S Jurat must be signed to authorize the agreement between IRS and their Financial Agent to initiate an EFW (direct debit payment). EFW payments will be withdrawn in a single transaction. The electronic payment record must be included in the transmission of the corporate income tax return.

Credit Cards
The IRS announced a policy decision in 2002 which allows business e-filers to pay their balance due by credit card. This is a unique opportunity for the tax preparation software industry to incorporate a credit card tax payment option in the Forms 1120 and 1120S software. If you are interested in paying with a credit card, please contact your software developer regarding development of this feature. The credit card payment feature is available only as a part of the 1120/1120S software.

Address Changes

➢ **Domestic Address**
Forms 1120/1120S MeF will accept all domestic address changes as shown by the corporation in the entity portion of the tax return.   IRS will update the corporation's entity information with the change of address.

➢ **Foreign Address**
Forms 1120/1120S MeF will <u>not</u> accept changes to foreign addresses. Corporation's must submit Form 8822, Change of Address, to IRS to update or change a foreign address. Form 8822 can be downloaded through the IRS Web Site, <u>www.irs.gov</u>.

➢ **Standard Street Address Abbreviations**
Exhibit 4, Standard Street Address Abbreviations, is included in this Publication. The list is comprised of common abbreviations that are recognized by the US Postal Service.

➢ **Valid ZIP Codes**
Exhibit 5, Valid ZIP Codes, is included in this Publication.

North American Industry Classification (NAIC Codes)
Codes for Principal Business Activity

This list of principal business activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. These principal business activity codes are based on the North American Industry Classification System. Exhibit 6 provides a list of the valid codes for Principal Business Activity Codes (NAIC Codes).

Acknowledgements

The IRS electronically acknowledges the receipt of all transmissions and returns. Each return in a transmission is either accepted or rejected for specific reasons. Returns which meet the processing criteria are considered "filed" as soon as the return is accepted. Rejected returns fail to meet processing criteria and are considered "not filed." The acknowledgement identifies the source of the reject and uses business rules to explain the problem. A business rule will explain why the transmission or return rejected (See Exhibit 7, Business Rules). Note: Only Business Rules for Release 1 are included, notification of changes to business rules will be sent out via the "Quick Alerts" Communication System).

If the ERO makes changes to the electronic return after Form 8453 has been signed by the taxpayer (whether it was before transmitting or if the return was rejected after transmission) returns can be corrected and transmitted without new signatures or authorizations if changes are not more than $150 to "Total Income" or more than $100 to "Taxable income". If the changes are more than the amounts listed, the taxpayer is required to sign a new 8453 or 8879 and must be given a copy of the applicable document (either paper or electronic).

The ERO must, at the request of the corporation, provide the Return ID Number and the date the electronic return was accepted by the IRS. The ERO must also, if requested, supply the electronic postmark, if the Transmitter provided one.

Rejected Returns

If the Service rejects the corporate return for processing and the reason for the rejection cannot be corrected and retransmitted, the ERO must take reasonable steps to inform the taxpayer of the rejection within 24 hours. When the ERO advises the taxpayer that the return has not been filed, the ERO must provide the taxpayer with the Business Rule explanation (See Exhibit 7). If the electronic return cannot be accepted for processing, the taxpayer must file a paper return. In order to be filed timely, the paper return must be filed by the later of the due date of the return or five (5) calendar days after the date the Service gives notification the return is rejected. The paper return should include an explanation of why the return is being filed after the due date and include a copy of the reject notification.

On-Line Filing is a method of electronic filing through a personal computer. The corporation submits the electronic return from a personal computer to an authorized *e-file* On-Line Provider. An Intermediate Service Provider may be involved to assist in processing tax return information between the corporation and the On-Line Provider.

In addition to requirements of all Transmitters in the IRS *e-file* program, a Transmitter participating in On-Line Filing has some additional responsibilities.

When participating in On-Line Filing, the On-Line Provider must:

1. Ensure that it uses an EFIN or ETIN obtained for On-Line Filing;
2. Ensure that Intermediate Service Provider's EFIN is included in the electronic return data, when applicable;
3. Ensure that the corporation complied with the requirement to properly complete and attach the scanned Form 8453-C or Form 8453-S signature document.
4. Notify the corporation or the Intermediate Service Provider of the status of a return by:
   ➢ sending an electronic transmission, when applicable, within two work days of retrieving the acknowledgement file, or;
   ➢ mailing a written notification within one work day of retrieving the acknowledgment file;
5. Provide the Internet Protocol (IP) information. The information consists of the IP Address, and in addition, the IP Date and IP Time.
6. Not enter into agreements with companies to allow access to On-Line Filing without the company being able to trace the IP Address to a particular date and time;
7. Include the Originator Type, "On-Line Filer", in the Return Header.
8. The Transmitter must notify the corporation of the following:
   ➢ Accepted Returns
      • date the transmission was accepted
   ➢ Rejected Returns;
      • Date the return was rejected
      • The Business Rule resulting in the Reject condition
      • What steps the corporation needs to take to correct the error
