What's New

- The LUST tax generally will not be credited or refunded and the applicable rates on Schedule 2, column (a), have been reduced by \$.001 to reflect this change.
- Registered ultimate vendor refund claims for undyed diesel fuel and undyed kerosene (other than kerosene for use in aviation) sold for use on a farm for farming purposes have been eliminated for fuel sold after September 30, 2005. Old lines 1a and 2a have been deleted. Credits and refunds will be claimed by the ultimate purchaser (the farmer) instead of the ultimate vendor, using Schedule 1.
- Claims relating to kerosene for use in aviation are completely revised, effective after September 30, 2005. The new terminology is kerosene for use in aviation. Generally, kerosene is taxed at \$.244 per gallon. See lines 3a through 3e and the instructions for the new claim rates. For claims related to sales of aviation-grade kerosene before October 1, 2005, use the February 2005 revision of Schedule 2 (Form 8849).
- Registered ultimate vendors **cannot** make claims for certain uses of taxable fuel if the ultimate purchaser purchased the fuel with a credit card issued to the ultimate purchaser by the credit card issuer. See the *Cautions* above lines 1a, 2a, 4a, and 5a. Effective for taxable fuel purchased with a credit card after December 31, 2005.
