The corporation can contact the TAS as follows.

- File Form 911, Request for Taxpayer Advocate Service Assistance (And Application for Taxpayer Assistance Order), or ask an IRS employee to complete it on the corporation's behalf.

For more information, go to <u>www.irs.</u> gov/advocate.

#### **Direct Deposit of Refund**

To request a direct deposit of the corporation's income tax refund into an account at a U.S. bank or other financial institution, attach Form 8050, Direct Deposit of Corporate Tax Refund. See the instructions for line 36.

### **General Instructions**

#### **Purpose of Form**

Use Form 1120, U.S. Corporation Income Tax Return, to report the income, gains, losses, deductions, credits, and to figure the income tax liability of a corporation.

#### Who Must File

Unless exempt under section 501, all domestic corporations (including corporations in bankruptcy) must file an income tax return whether or not they have taxable income. Domestic corporations must file Form 1120 unless they are required to file a special return. See *Special Returns for Certain Organizations* below.

Entities electing to be taxed as corporations. A domestic entity electing to be classified as an association taxable as a corporation must file Form 1120 unless it is required to file a special return listed under *Special Returns for Certain Organizations*, below. The entity must also file Form 8832, Entity Classification Election, and attach a copy

of Form 8832 to Form 1120 (or the applicable return) for the year of the election. For more information, see Form 8832 and its instructions.

Limited liability companies. If an entity with more than one owner was formed as an LLC under state law, it generally is treated as a partnership for federal income tax purposes and files Form 1065, U.S. Return of Partnership Income. Generally, a single-member LLC is disregarded as an entity separate from its owner and reports its income and deductions on its owner's federal income tax return. The LLC can file a Form 1120 only if it has filed Form 8832 to elect to be treated as an association taxable as a corporation. For more information about LLCs, see Pub. 3402, Tax Issues for Limited Liability Companies.

Corporations engaged in farming. A corporation (other than a corporation that is a subchapter T cooperative) that engages in farming should use Form 1120 to report the income (loss) from such activities. Enter the income and deductions of the corporation according to the instructions for lines 1 through 10 and 12 through 29.

Ownership interest in a Financial Asset Securitization Investment Trust (FASIT). Special rules apply to a FASIT in existence on October 22, 2004, to the extent that regular interests issued by the FASIT before October 22, 2004, continue to remain outstanding in accordance with their original terms.

If a corporation holds an ownership interest in a FASIT to which these special rules apply, it must report all items of income, gain, deductions, losses, and credits on the corporation's income tax return (except as provided in section 860H). Show a breakdown of the items on an attached schedule. For more information, see sections 860H and 860L.

#### Electronic Filing

Corporations can generally electronically file (e-file) Form 1120, related forms, schedules, and attachments, Form 7004, Form 940 and Form 941 employment tax returns. If there is a balance due, the corporation can authorize an electronic funds withdrawal while e-filing. Form 1099 and other information returns can also be electronically filed.

**Exceptions.** The option to *e-file* generally does not apply to certain returns, including:

- Returns with precomputed penalty and interest,
- Returns with reasonable cause for failing to file timely,
- Returns with reasonable cause for failing to pay timely, and
- Returns with requests for overpayments to be applied to another account.

**Required e-filers.** Certain corporations with total assets of \$10 million or more that file at least 250 returns a year are required to *e-file* Form 1120, even if any

of the above exceptions applies. See Regulations section 301.6011-5. However, these corporations can request a waiver of the electronic filing requirements. See Notice 2010-13, 2010-4 I.R.B. 327.

Visit <u>www.irs.gov/efile</u> for more information.

#### When To File

Generally, a corporation must file its income tax return by the 15th day of the 3rd month after the end of its tax year. A new corporation filing a short-period return must generally file by the 15th day of the 3rd month after the short period ends. A corporation that has dissolved must generally file by the 15th day of the 3rd month after the date it dissolved.

If the due date falls on a Saturday, Sunday, or legal holiday, the corporation can file on the next business day.

#### **Private Delivery Services**

Corporations can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing" rule for tax returns. These private delivery services include only the following.

- DHL Express (DHL): DHL Same Day Service.
- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, FedEx 2Day, FedEx International Priority, and FedEx International First.
- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

The private delivery service can tell you how to get written proof of the mailing date.

Private delivery services cannot deliver items to P.O. boxes. You must use the U.S. Postal Service

to mail any item to an IRS P.O. box

#### **Extension of Time To File**

File Form 7004, Application for Automatic Extension of Time To File Certain Business Income Tax, Information, and Other Returns, to request a 6-month extension of time to file. Generally, the corporation must file Form 7004 by the regular due date of the return.

#### Who Must Sign

The return must be signed and dated by:

- The president, vice president, treasurer, assistant treasurer, chief accounting officer; or
- Any other corporate officer (such as tax officer) authorized to sign.

If a return is filed on behalf of a corporation by a receiver, trustee, or assignee, the fiduciary must sign the return, instead of the corporate officer. Returns and forms signed by a receiver or trustee in bankruptcy on behalf of a corporation must be accompanied by a copy of the order or instructions of the court authorizing signing of the return or form.

If an employee of the corporation completes Form 1120, the paid preparer space should remain blank. Anyone who prepares Form 1120 but does not charge the corporation should not complete that section. Generally, anyone who is paid to prepare the return must sign it and fill in the "Paid Preparer Use Only" area.

The paid preparer must complete the required preparer information and:

- Sign the return in the space provided for the preparer's signature.
- Give a copy of the return to the taxpayer.

**Note.** A paid preparer may sign original or amended returns by rubber stamp, mechanical device, or computer software program.

#### Paid Preparer Authorization

If the corporation wants to allow the IRS to discuss its 2010 tax return with the paid preparer who signed it, check the "Yes" box in the signature area of the return. This authorization applies only to the individual whose signature appears in the "Paid Preparer Use Only" section of the return. It does not apply to the firm, if any, shown in that section.

If the "Yes" box is checked, the corporation is authorizing the IRS to call the paid preparer to answer any questions that may arise during the processing of its return. The corporation is also authorizing the paid preparer to:

- Give the IRS any information that is missing from the return,
- Call the IRS for information about the processing of the return or the status of any related refund or payment(s), and
- Respond to certain IRS notices about math errors, offsets, and return preparation.

The corporation is not authorizing the paid preparer to receive any refund check, bind the corporation to anything (including any additional tax liability), or otherwise represent the corporation before the IRS.

The authorization will automatically end no later than the due date (excluding extensions) for filing the corporation's

2011 tax return. If the corporation wants to expand the paid preparer's authorization or revoke the authorization before it ends, see Pub. 947, Practice Before the IRS and Power of Attorney.

#### **Assembling the Return**

To ensure that the corporation's tax return is correctly processed, attach all schedules and other forms after page 5 of Form 1120 in the following order.

- 1. Schedule N (Form 1120).
- 2. Schedule O (Form 1120).
- 3. Form 4626.
- 4. Form 8050.
- 5. Form 4136.
- 6. Form 8941.
- 7. Form 851.
- 8. Additional schedules in alphabetical order.
  - 9. Additional forms in numerical order.

Complete every applicable entry space on Form 1120. Do not enter "See Attached " or "Available Upon Request" instead of completing the entry spaces. If more space is needed on the forms or schedules, attach separate sheets using the same size and format as the printed forms. If there are supporting statements and attachments, arrange them in the same order as the schedules or forms they support and attach them last. Show the totals on the printed forms. Enter the corporation's name and EIN on each supporting statement or attachment.

#### **Tax Payments**

The corporation must pay any tax due in full no later than the 15th day of the 3rd month after the end of the tax year.

#### **Electronic Deposit Requirement**

Beginning January 1, 2011, corporations must use electronic funds transfers to make all federal tax deposits (such as deposits of employment, excise, and corporate income tax). Forms 8109 and 8109-B, Federal Tax Coupon, cannot be used after December 31, 2010. Generally, electronic funds transfers are made using the Electronic Federal Tax Payment System (EFTPS). However, if the corporation does not want to use EFTPS, it can arrange for its tax professional, financial institution, payroll service, or other trusted third party to make deposits on its behalf. Also, it may arrange for its financial institution to initiate a same-day tax wire payment (discussed below) on its behalf. EFTPS is a free service provided by the Department of the Treasury. Services provided by a tax professional, financial institution, payroll service, or other third party may have a fee.

To get more information about EFTPS or to enroll in EFTPS, visit <a href="https://www.eftps.gov">www.eftps.gov</a>, or call 1-800-555-4477. Additional information about EFTPS is also available in Pub. 966, The Secure Way to Pay Your Federal Taxes.

**Depositing on time.** For deposits made by EFTPS to be on time, the corporation must initiate the deposit by 8 p.m. Eastern

time the day before the date the deposit is due. If the corporation uses a third party to make deposits on its behalf, they may have different cutoff times.

Same-day wire payment option. If the corporation fails to initiate a deposit transaction on EFTPS by 8 p.m. Eastern time the day before the date a deposit is due, it can still make the deposit on time by using the Federal Tax Application (FTA). Before using the same-day wire payment option, the corporation will need to make arrangements with its financial institution ahead of time. Please check with the financial institution regarding availability, deadlines, and costs. To learn more about making a same-day wire payment and download the Same-Day Payment Worksheet, visit www.eftps.gov.

#### **Estimated Tax Payments**

Generally, the following rules apply to the corporation's payments of estimated tax.

- The corporation must make installment payments of estimated tax if it expects its total tax for the year (less applicable credits) to be \$500 or more.
- The installments are due by the 15th day of the 4th, 6th, 9th, and 12th months of the tax year. If any date falls on a Saturday, Sunday, or legal holiday, the installment is due on the next regular business day.
- The corporation must use electronic funds transfers to make installment payments of estimated tax.
- Use Form 1120-W, Estimated Tax for Corporations, as a worksheet to compute estimated tax.
- If the corporation overpaid estimated tax, it may be able to get a quick refund by filing Form 4466, Corporation Application for Quick Refund of Overpayment of Estimated Tax.

See the instructions for lines 32b and 32c.

Estimated tax penalty. A corporation that does not make estimated tax payments when due may be subject to an underpayment penalty for the period of underpayment. Generally, a corporation is subject to the penalty if its tax liability is \$500 or more and it did not timely pay the smaller of:

- Its tax liability for 2010 or
- Its prior year's tax.

See section 6655 for details and exceptions, including special rules for large corporations.

Use Form 2220, Underpayment of Estimated Tax by Corporations, to see if the corporation owes a penalty and to figure the amount of the penalty. Generally, the corporation does not have to file this form because the IRS can figure the amount of any penalty and bill the corporation for it. However, even if the corporation does not owe the penalty, complete and attach Form 2220 if:

- The annualized income or adjusted seasonal installment method is used, or
- The corporation is a large corporation computing its first required installment based on the prior year's tax. See the

Instructions for Form 2220 for the definition of a large corporation. Also, see the instructions for line 33.

#### Interest and Penalties

Interest. Interest is charged on taxes paid late even if an extension of time to file is granted. Interest is also charged on penalties imposed for failure to file, negligence, fraud, substantial valuation misstatements, substantial understatements of tax, and reportable transaction understatements from the due date (including extensions) to the date of payment. The interest charge is figured at a rate determined under section 6621.

Late filing of return. A corporation that does not file its tax return by the due date, including extensions, may be penalized 5% of the unpaid tax for each month or part of a month the return is late, up to a maximum of 25% of the unpaid tax. The minimum penalty for a return that is over 60 days late is the smaller of the tax due or \$135. The penalty will not be imposed if the corporation can show that the failure to file on time was due to reasonable cause. Corporations that file late should attach a statement explaining the reasonable cause.

Late payment of tax. A corporation that does not pay the tax when due generally may be penalized 1/2 of 1% of the unpaid tax for each month or part of a month the tax is not paid, up to a maximum of 25% of the unpaid tax. The penalty will not be imposed if the corporation can show that the failure to pay on time was due to reasonable cause.

Trust fund recovery penalty. This penalty may apply if certain excise, income, social security, and Medicare taxes that must be collected or withheld are not collected or withheld, or these taxes are not paid. These taxes are generally reported on:

- Form 720, Quarterly Federal Excise Tax Return;
- Form 941, Employer's QUARTERLY Federal Tax Return;
- Form 943, Employer's Annual Federal Tax Return for Agricultural Employees;
- Form 944, Employer's ANNUAL Federal Tax Return; or
- Form 945, Annual Return of Withheld Federal Income Tax.

The trust fund recovery penalty may be imposed on all persons who are determined by the IRS to have been responsible for collecting, accounting for, and paying over these taxes, and who acted willfully in not doing so. The penalty is equal to the full amount of the unpaid trust fund tax. See the Instructions for Form 720, Pub. 15 (Circular E), or Pub. 51 (Circular A), Agricultural Employer's Tax Guide, for details, including the definition of responsible persons.

Other penalties. Other penalties can be imposed for negligence, substantial understatement of tax, reportable transaction understatements, and fraud. See sections 6662, 6662A, and 6663.

#### Accounting Methods

Figure taxable income using the method of accounting regularly used in keeping the corporation's books and records. In all cases, the method used must clearly show taxable income. Permissible methods include cash, accrual, or any other method authorized by the Internal Revenue Code.

Generally, the following rules apply. A corporation (other than a qualified personal service corporation) must use the accrual method of accounting if its average annual gross receipts exceed \$5 million. However, see Nonaccrual experience method on page 8.

 Unless it is a qualifying taxpayer or a qualifying small business taxpayer, a corporation must use the accrual method for sales and purchases of inventory items. See Schedule A. Cost of Goods Sold on page 15.

 A corporation engaged in farming must use the accrual method. For exceptions, see section 447.

 Special rules apply to long-term contracts. See section 460.

· Dealers in securities must use the mark-to-market accounting method. Dealers in commodities and traders in securities and commodities can elect to use the mark-to-market accounting method. See section 475.

Change in accounting method.

Generally, the corporation must get IRS consent to change the method of accounting used to report taxable income (for income as a whole or for the treatment of any material item). To do so, the corporation generally must file Form 3115, Application for Change in Accounting Method. See Form 3115, the Instructions for Form 3115, and Pub. 538, Accounting Periods and Methods, for more information.

There are some instances when the corporation can obtain automatic consent from the IRS to change to certain accounting methods. See Rev. Proc. 2008-52, 2008-36 I.R.B. 587, as amplified, clarified and modified by Rev. Proc. 2009-39, 2009-38 I.R.B. 371, Also see the Instructions for Form 3115.

**Note.** If the corporation is filing an application for a change in accounting method filed on or after January 10, 2011 for a year of change ending on or after April 30, 2010, see Rev. Proc. 2011-14, 2011-4 I.R.B. 330.

#### Accounting Period

A corporation must figure its taxable income on the basis of a tax year. A tax year is the annual accounting period a corporation uses to keep its records and report its income and expenses. Generally, corporations can use a calendar year or a fiscal year. Personal service corporations, however, must use a calendar year unless they meet one of the exceptions discussed on page 7.

Change of tax year. Generally, a corporation, including a personal service corporation, must get the consent of the IRS before changing its tax year by filing Form 1128, Application To Adopt, Change, or Retain a Tax Year. However, under certain conditions, a corporation can change its tax year without getting consent.

See the Instructions for Form 1128 and Pub. 538 for more information on accounting periods and tax years.

#### **Rounding Off to** Whole Dollars

The corporation can round off cents to whole dollars on its return and schedules. If the corporation does round to whole dollars, it must round all amounts. To round, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. For example, \$1.39 becomes \$1 and \$2.50 becomes \$3.

If two or more amounts must be added to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

#### Recordkeeping

Keep the corporation's records for as long as they may be needed for the administration of any provision of the Internal Revenue Code. Usually, records that support an item of income, deduction, or credit on the return must be kept for 3 years from the date the return is due or filed, whichever is later. Keep records that verify the corporation's basis in property for as long as they are needed to figure the basis of the original or replacement property.

The corporation should keep copies of all filed returns. They help in preparing future and amended returns.

### Other Forms and Statements That May Be Required

Amended return. Use Form 1120X, Amended U.S. Corporation Income Tax Return, to correct a previously filed Form

Reportable transaction disclosure statement. Disclose information for each reportable transaction in which the corporation participated. Form 8886, Reportable Transaction Disclosure Statement, must be filed for each tax year that the federal income tax liability of the corporation is affected by its participation in the transaction. The following are reportable transactions.

- 1. Any listed transaction, which is a transaction that is the same as or substantially similar to one of the types of transactions that the IRS has determined to be a tax avoidance transaction and identified by notice, regulation, or other published guidance as a listed transaction.
- 2. Any transaction offered under conditions of confidentiality for which the

corporation (or a related party) paid an advisor a fee of at least \$250,000.

3. Certain transactions for which the corporation (or a related party) has contractual protection against disallowance of the tax benefits.

4. Certain transactions resulting in a loss of at least \$10 million in any single year or \$20 million in any combination of

5. Any transaction identified by the IRS by notice, regulation, or other published guidance as a "transaction of interest." See Notice 2009-55, 2009-31 I.R.B. 170.

For more information, see Regulations section 1.6011-4. Also see the Instructions for Form 8886.

**Penalties.** The corporation may have to pay a penalty if it is required to disclose a reportable transaction under section 6011 and fails to properly complete and file Form 8886. Penalties may also apply under section 6707A if the corporation fails to file Form 8886 with its corporate return, fails to provide a copy of Form 8886 to the Office of Tax Shelter Analysis (OTSA), or files a form that fails to include all the information required (or includes incorrect information). Other penalties, such as an accuracy-related penalty under section 6662A, may also apply. See the Instructions for Form 8886 for details on these and other penalties.

Reportable transactions by material advisors. Material advisors to any reportable transaction must disclose certain information about the reportable transaction by filing Form 8918, Material Advisor Disclosure Statement, with the IRS. For details, see the Instructions for Form 8918.

Transfers to a corporation controlled by the transferor. Every significant transferor (as defined in Regulations section 1.351-3(d)) that receives stock of a corporation in exchange for property in a nonrecognition event must include the statement required by Regulations section 1.351-3(a) on or with the transferor's tax return for the tax year of the exchange. The transferee corporation must include the statement required by Regulations section 1.351-3(b) on or with its return for the tax year of the exchange, unless all the required information is included in any statement(s) provided by a significant transferor that is attached to the same return for the same section 351 exchange. If the transferor or transferee corporation is a controlled foreign corporation, each U.S. shareholder (within the meaning of section 951(b)) must include the required statement on or with its return.

Distributions under section 355. Every corporation that makes a distribution of stock or securities of a controlled corporation, as described in section 355 (or so much of section 356 as it relates to section 355), must include the statement required by Regulations section 1.355-5 on or with its return for the year of the

distribution. If the distributing corporation is a controlled foreign corporation, each U.S. shareholder (within the meaning of section 951(b)), must include the statement on or with its return.

**Dual consolidated losses.** If a domestic corporation incurs a dual consolidated loss (as defined in Regulations section 1.1503-2(c)(5)), the corporation (or consolidated group) may need to attach an elective relief agreement and/or an annual certification as provided in Regulations section 1.1503-2(g)(2).

Election to reduce basis under section 362(e)(2)(C). The transferor may make an election under section 362(e)(2)(C) to limit the transferor's basis in the stock received instead of the transferor's basis in the transferred property. The transferor can make the election by including the certification provided in Notice 2005-70, 2005-41 I.R.B. 694 on or with its tax return filed by the due date (including extensions) for the tax year in which the transaction occurred. If the transferor is a controlled foreign corporation, its controlling U.S. shareholder(s) can make the election. The common parent of a consolidated group can make the election for the group.

If the election is made as described above, no election need be made by the transferee (or any controlling U.S. shareholder thereof).

Once made, the election is irrevocable. See section 362(e)(2)(C) and Notice 2005-70.

Annual information statement for elections under section 108(i). If the corporation made an election under section 108(i) to defer income from cancellation of debt (COD) for applicable debt instruments, the corporation must attach a statement to its return beginning with the tax year following the tax year for which the corporation made the election, and ending the first tax year all income deferred has been included in income. The statement must be labeled "Section 108(i) Information Statement" and must clearly identify, for each applicable debt instrument to which an election under section 108(i) applies, the following.

- 1. Any deferred COD income that is included in income in the current tax year.
- 2. Any deferred COD income that has been accelerated because of an event described in section 108(i)(5)(D) and must be included in income in the current tax year. Include a description and the date of the acceleration event.
- 3. Any deferred COD income that has not been included in income in the current or prior tax years.
- 4. Any deferred OID deduction allowed as a deduction in the current tax year.
- 5. Any deferred OID deduction that is allowed as a deduction in the current tax year because of an accelerated event described in section 108(i)(5)(D).

Any deferred OID deduction that has not been deducted in the current or prior tax years.

In addition, include a copy of the election statement filed to make the election to defer cancellation of debt. For more information on making the election, see the instructions for line 10. For more information regarding the annual information statement, see Rev. Proc. 2009-37, 2009-36 I.R.B. 309.

Other forms and statements. See Pub. 542 for a list of other forms and statements a corporation may need to file in addition to the forms and statements discussed throughout these instructions.

### **Specific Instructions**

#### **Period Covered**

File the 2010 return for calendar year 2010 and fiscal years that begin in 2010 and end in 2011. For a fiscal or short tax year return, fill in the tax year space at the top of the form.

The 2010 Form 1120 can also be used if:

- The corporation has a tax year of less than 12 months that begins and ends in 2011, and
- The 2011 Form 1120 is not available at the time the corporation is required to file its return.

The corporation must show its 2011 tax year on the 2010 Form 1120 and take into account any tax law changes that are effective for tax years beginning after December 31, 2010.

#### Name and Address

Enter the corporation's true name (as set forth in the charter or other legal document creating it), address, and EIN on the appropriate lines. Enter the address of the corporation's principal office or place of business. Include the suite, room, or other unit number after the street address. If the post office does not deliver mail to the street address and the corporation has a P.O. box, show the box number instead.

**Note.** Do not use the address of the registered agent for the state in which the corporation is incorporated. For example, if a business is incorporated in Delaware or Nevada and the corporation's principal office is located in Little Rock, AR, the corporation should enter the Little Rock address.

If the corporation receives its mail in care of a third party (such as an accountant or an attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box.

# Item A. Identifying Information

#### **Consolidated Return**

Corporations filing a consolidated return must check Item A, box 1a, and attach Form 851, Affiliations Schedule, and other supporting statements to the return. Also, for the first year a subsidiary corporation is being included in a consolidated return, attach Form 1122, Authorization and Consent of Subsidiary Corporation To Be Included in a Consolidated Income Tax Return, to the parent's consolidated return. Attach a separate Form 1122 for each subsidiary being included in the consolidated return.

File supporting statements for each corporation included in the consolidated return. Do not use Form 1120 as a supporting statement. On the supporting statement, use columns to show the following, both before and after adjustments.

- 1. Items of gross income and deductions.
  - 2. A computation of taxable income.
- 3. Balance sheets as of the beginning and end of the tax year.
- 4. A reconciliation of income per books with income per return.
- 5. A reconciliation of retained earnings.

Enter on Form 1120 the totals for each item of income, gain, loss, expense, or deduction, net of eliminating entries for intercompany transactions between corporations within the consolidated group. Attach consolidated balance sheets and a reconciliation of consolidated retained earnings.

The corporation does not have to provide the information requested in (3), (4), and (5) above, if its total to (line 10 plus lines 4 through 10

receipts (line 1a plus lines 4 through 10 on page 1 of the return) and its total assets at the end of the tax year are less than \$250,000. See Schedule K, question 13.

For more information on consolidated returns, see the regulations under section 1502.

## Life-Nonlife Consolidated Return

If Item A, box 1a, is checked and the corporation is the common parent of a consolidated group that includes a life-nonlife insurance company, also check box 1b. See Regulations section 1.1502-47(s) for the filing requirements of a life-nonlife consolidated return.

#### **Personal Holding Company**

A personal holding company must check item A, box 2 and attach a Schedule PH (Form 1120), U.S. Personal Holding Company (PHC) Tax. See the Instructions for Schedule PH (Form 1120) for details.

#### **Personal Service Corporation**

If the corporation is a personal service corporation, check item A, box 3. A personal service corporation is a corporation whose principal activity for the testing period (generally the prior tax year unless the corporation has just been formed) for tax year is the performance of personal services. Personal services include any activity performed in the fields of accounting, actuarial science, architecture, consulting, engineering, health, law, and the performing arts. The services must be substantially performed by employee-owners.

A personal service corporation must use a calendar tax year unless:

- It elects to use a 52-53-week tax year that ends with reference to the calendar year or tax year elected under section 444;
- It can establish a business purpose for a different tax year and obtains the approval of the IRS (see the Instructions for Form 1128 and Pub. 538); or
- It elects under section 444 to have a tax year other than a calendar year. To make the election, use Form 8716, Election To Have a Tax Year Other Than a Required Tax Year.

If a corporation makes the section 444 election, its deduction for certain amounts paid to employee-owners may be limited. See Schedule H (Form 1120), Section 280H Limitations for a Personal Service Corporation (PSC), to figure the maximum deduction.

If a section 444 election is terminated and the termination results in a short tax year, type or print at the top of the first page of Form 1120 for the short tax year "SECTION 444 ELECTION TERMINATED." See Temporary Regulations section 1.444-1T(a)(5) for more information.

#### Schedule M-3 (Form 1120)

A corporation with total assets (non-consolidated or consolidated for all corporations included within a tax consolidation group) of \$10 million or more on the last day of the tax year must complete Schedule M-3 (Form 1120), Net Income (Loss) Reconciliation for Corporations With Total Assets of \$10 Million or More, instead of Schedule M-1. A corporation filing Form 1120 that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1.

If you are filing Schedule M-3, check Item A, box 4, to indicate that Schedule M-3 is attached. See the Instructions for Schedule M-3 for more details.

# Item B. Employer Identification Number (EIN)

Enter the corporation's EIN. If the corporation does not have an EIN, it must apply for one. An EIN can be applied for:

Online—Click on the EIN link at <u>www.irs.gov/businesses/small</u>. The EIN is

issued immediately once the application information is validated.

- By telephone at 1-800-829-4933 from 7:00 a.m. to 10:00 p.m. in the corporation's local time zone.
- By faxing or mailing Form SS-4, Application for Employer Identification Number.

**Note.** Only corporations located in the United States or U.S. possessions can use the online application. Foreign corporations must use one of the other methods to apply.

EIN applied for, but not received. If the corporation has not received its EIN by the time the return is due, enter "Applied For" and the date the corporation applied in the space for the EIN. However, if the corporation is filing its return electronically, an EIN is required at the time the return is filed. An exception applies to subsidiaries of corporations whose returns are filed with the parent's electronically filed consolidated Form 1120. These subsidiaries should enter "Applied For" in the space for the EIN on their returns. The subsidiaries' returns are identified under the parent corporation's EIN.

For more information, see the Instructions for Form SS-4.

#### Item D. Total Assets

Enter the corporation's total assets (as determined by the accounting method regularly used in keeping the corporation's books and records) at the end of the tax year. If there are no assets at the end of the tax year, enter -0-.

If the corporation is required to complete Schedule L, enter total assets from Schedule L, line 15, column (d) on page 1, item D. If filing a consolidated return, report total consolidated assets for all corporations joining in the return.

# Item E. Initial Return, Final Return, Name Change, or Address Change

- If this is the corporation's first return, check the "Initial return" box.
- If this is the corporation's final return and it will no longer exist, check the "Final return" box.
- If the corporation changed its name since it last filed a return, check the "Name change" box. Generally, a corporation also must have amended its articles of incorporation and filed the amendment with the state in which it was incorporated.
- If the corporation has changed its address since it last filed a return (including a change to an "in care of" address), check the "Address change" box.

**Note.** If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.

#### Income

Except as otherwise provided in the Internal Revenue Code, gross income includes all income from whatever source derived.

Income from qualifying shipping activities. Gross income does not include income from qualifying shipping activities if the corporation makes an election under section 1354 to be taxed on its notional shipping income (as defined in section 1353) at the highest corporate tax rate (35%). If the election is made, the corporation generally may not claim any loss, deduction, or credit with respect to qualifying shipping activities. A corporation making this election also may elect to defer gain on the disposition of a qualifying vessel.

Use Form 8902, Alternative Tax on Qualifying Shipping Activities, to figure the tax. Include the alternative tax on Schedule J, line 9.

#### Line 1. Gross Receipts or Sales

Enter gross receipts or sales from all business operations except those that must be reported on lines 4 through 10.

Advance payments. In general, advance payments are reported in the year of receipt. There are exceptions to this general rule for corporations that use the accrual method of accounting.

- To report income from long-term contracts, see section 460.
- For special rules for reporting certain advance payments for goods and long-term contracts, see Regulations section 1.451-5.
- For rules that allow a limited deferral of advance payments beyond the current tax year, see Rev. Proc. 2004-34, 2004-22 I.R.B. 991, as modified and clarified by Rev. Proc. 2011-18, 2011-5 I.R.B. 443, for advance payments from the sale of certain gift cards.
- For information on adopting or changing to a permissible method for reporting advance payments for services and certain goods by an accrual method corporation, see the Instructions for Form 3115.

Installment sales. Generally, the installment method cannot be used for dealer dispositions of property. A "dealer disposition" is any disposition of: (a) personal property by a person who regularly sells or otherwise disposes of personal property of the same type on the installment plan or (b) real property held for sale to customers in the ordinary course of the taxpayer's trade or business.

These restrictions on using the installment method do not apply to dispositions of property used or produced in a farming business or sales of timeshares and residential lots for which the corporation elects to pay interest under section 453(I)(3).

For sales of timeshares and residential lots reported under the installment method, the corporation's income tax is

increased by the interest payable under section 453(I)(3). Report this addition to the tax on Schedule J, line 9.

Enter on line 1 (and carry to line 3), the gross profit on collections from installment sales for any of the following.

- Dealer dispositions of property before March 1, 1986.
- Dispositions of property used or produced in the trade or business of farming.
- Certain dispositions of timeshares and residential lots reported under the installment method.

Attach a schedule showing the following information for the current and the 3 preceding years: (a) gross sales, (b) cost of goods sold, (c) gross profits, (d) percentage of gross profits to gross sales, (e) amount collected, and (f) gross profit on the amount collected.

#### Nonaccrual experience method.

Accrual method corporations are not required to accrue certain amounts to be received from the performance of services that, on the basis of their experience, will not be collected, if:

- The services are in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, or consulting, or
- The corporation's average annual gross receipts have not exceeded \$5 million for any prior 3-tax-year period. For more detail, see Regulations sections 1.448-2(a)(2) and 1.448-1T(f)(2).

This provision does not apply to any amount if interest is required to be paid on the amount or if there is any penalty for failure to timely pay the amount. For more information, see Regulations section 1.448-2.

Corporations that qualify to use the nonaccrual experience method should attach a schedule showing total gross receipts, the amount not accrued as a result of the application of section 448(d)(5), and the net amount accrued. Enter the net amount on line 1a.

#### Line 2. Cost of Goods Sold

Enter the cost of goods sold on line 2, page 1. Before making this entry, complete Schedule A on page 2 of Form 1120. See the instructions for Schedule A.

#### Line 4. Dividends

See the instructions for Schedule C. Then, complete Schedule C and enter on line 4 the amount from Schedule C, line 19.

#### Line 5. Interest

Enter taxable interest on U.S. obligations and on loans, notes, mortgages, bonds, bank deposits, corporate bonds, tax refunds, etc. Do not offset interest expense against interest income. Special rules apply to interest income from certain below-market-rate loans. See section 7872 for details.

**Note.** Report tax-exempt interest income on Schedule K, item 9. Also, if required, include the same amount on Schedule M-1, line 7, or Schedule M-3 (Form 1120), Part II, line 13, if applicable.

#### Line 6. Gross Rents

Enter the gross amount received for the rental of property. Deduct expenses such as repairs, interest, taxes, and depreciation on the proper lines for deductions. A rental activity held by a closely held corporation or a personal service corporation may be subject to the passive activity loss rules. See *Passive activity limitations* on page 9.

#### Line 10. Other Income

Enter any other taxable income not reported on lines 1 through 9. List the type and amount of income on an attached schedule. If the corporation has only one item of other income, describe it in parentheses on line 10.

Examples of other income to report on line 10 include the following.

- Recoveries of bad debts deducted in prior years under the specific charge-off method.
- The amount included in income from Form 6478, Alcohol and Cellulosic Biofuel Fuels Credit.
- The amount included in income from Form 8864, Biodiesel and Renewable Diesel Fuels Credit.
- Refunds of taxes deducted in prior years to the extent they reduced income subject to tax in the year deducted (see section 111). Do not offset current year taxes against tax refunds.
- Any recapture amount under section 179A for qualified clean-fuel vehicle refueling property if, at any time before the end of the recovery period, the property ceases to qualify.
- Ordinary income from trade or business activities of a partnership (from Schedule K-1 (Form 1065 or 1065-B)). Do not offset ordinary losses against ordinary income. Instead, include the losses on line 26. Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount entered is from more than one partnership, identify the amount from each partnership.
- Any LIFO recapture amount under section 1363(d). The corporation may have to include a LIFO recapture amount in income if it:
- 1. Used the LIFO inventory method for its last tax year before the first tax year for which it elected to become an S corporation or
- 2. Transferred LIFO inventory assets to an S corporation in a nonrecognition transaction in which those assets were transferred basis property.

The LIFO recapture amount is the amount by which the C corporation's inventory under the FIFO method exceeds the inventory amount under the LIFO method at the close of the corporation's last tax year as a C corporation (or for the year of the transfer,

- if (b) above applies). For more information, see Regulations section 1.1363-2 and Rev. Proc. 94-61, 1994-2 C.B. 775. Also see the instructions for Schedule J, line 10.
- Any net positive section 481(a) adjustment. The corporation may have to make an adjustment under section 481(a) to prevent amounts of income or expense from being duplicated or omitted. The section 481(a) adjustment period is generally 1 year for a net negative adjustment and 4 years for a net positive adjustment. However, a corporation can elect to use a 1-year adjustment period if the net section 481(a) adjustment for the change is less than \$25,000. The corporation must complete the appropriate lines of Form 3115 to make this election. Also, under certain other conditions, the corporation can modify the period for taking into account a net positive section 481 adjustment. See Rev. Proc. 2008-52 and Rev. Proc. 2009-39. If the net section 481(a) adjustment is negative, report it on line 26.
- Part or all of the proceeds received from certain corporate-owned life insurance contracts issued after August 17, 2006. Corporations that own one or more employer-owned life insurance contracts issued after this date must file Form 8925, Report of Employer-Owned Life Insurance Contracts. See section 101(j) for details.
- Income from cancellation of debt (COD) for the repurchase of a debt instrument for less than its adjusted issue price. However, for a reacquisition of an applicable debt instrument after December 31, 2008, and before January 1, 2011, a corporation can elect, under section 108(i), to defer the income from COD in connection with the election. If the corporation makes the election, the income is deferred and ratably included in income over the 5-year period beginning with:
- 1. For a reacquisition occurring in 2009, the fifth tax year following the tax year in which the reacquisition occurs, and
- 2. For a reacquisition occurring in 2010, the fourth tax year following the tax year in which the reacquisition occurs.

To make the election for a 2010 reacquisition, attach a statement to the corporation's 2010 tax return. The statement must clearly identify the applicable instrument and include the amount of income to which the election applies. Once made, the election is irrevocable and the exclusions for COD income under section 108(a)(1)(A), (B), (C), and (D) do not apply for the tax year of the election or any later tax year. See page 6 for the annual information statement that is required.

For more information, see section 108(i) and Rev. Proc. 2009-37. If the corporation is a direct or indirect partner in a partnership, other special rules apply. See Temporary Regulations section 1.108(i)-2T.

#### **Deductions**

#### **Limitations on Deductions**

Section 263A uniform capitalization rules. The uniform capitalization rules of section 263A generally require corporations to capitalize, or include in inventory, certain costs incurred in connection with the following.

- The production of real property and tangible personal property held in inventory or held for sale in the ordinary course of business.
- Real property or personal property (tangible and intangible) acquired for resale.
- The production of real property and tangible personal property by a corporation for use in its trade or business or in an activity engaged in for profit.

Tangible personal property produced by a corporation includes a film, sound recording, videotape, book, or similar property.

Corporations subject to the section 263A uniform capitalization rules are required to capitalize:

- 1. Direct costs and
- 2. An allocable part of most indirect costs (including taxes) that (a) benefit the assets produced or acquired for resale or (b) are incurred because of the performance of production or resale activities.

For inventory, some of the indirect expenses that must be capitalized are:

- Administration expenses;
- Taxes:
- Depreciation;
- Insurance;
- Compensation paid to officers attributable to services;
- Rework labor; and
- Contributions to pension, stock bonus, and certain profit-sharing, annuity, or deferred compensation plans.

Regulations section 1.263A-1(e)(3) specifies other indirect costs that relate to production or resale activities that must be capitalized and those that may be currently deductible.

Interest expense paid or incurred during the production period of designated property must be capitalized and is governed by special rules. For more details, see Regulations sections 1.263A-8 through 1.263A-15.

The costs required to be capitalized under section 263A are not deductible until the property (to which the costs relate) is sold, used, or otherwise disposed of by the corporation.

**Exceptions.** Section 263A does not apply to the following.

- Personal property acquired for resale if the corporation's (or any of its predecessors) average annual gross receipts for the 3 prior tax years were \$10 million or less.
- Timber.
- Most property produced under a long-term contract.

- Certain property produced in a farming business.
- Research and experimental costs under section 174.
- Geological and geophysical costs amortized under section 167(h).
- Capital costs incurred to comply with EPA sulfur regulations.
- Intangible drilling costs for oil, gas, and geothermal property.
- Mining exploration and development costs.
- Inventoriable items accounted for in the same manner as materials and supplies that are not incidental. See *Cost of Goods Sold* on page 15.

For more details on the uniform capitalization rules, see Regulations sections 1.263A-1 through 1.263A-3. See Regulations section 1.263A-4 for rules for property produced in a farming business.

Transactions between related

taxpayers. Generally, an accrual basis taxpayer can only deduct business expenses and interest owed to a related party in the year the payment is included in the income of the related party. See sections 163(e)(3),163(j), and 267 for limitations on deductions for unpaid interest and expenses.

Corporations use Form 8926, Disqualified Corporate Interest Expense Disallowed Under Section 163(j) and Related Information, to figure the amount of any corporate interest expense disallowed by section 163(j).

Section 291 limitations. Corporations may be required to adjust deductions for depletion of iron ore and coal, intangible drilling and exploration and development costs, certain deductions for financial institutions, and the amortizable basis of pollution control facilities. See section 291 to determine the amount of the adjustment. Also see section 43.

Golden parachute payments. A portion of the payments made by a corporation to key personnel that exceeds their usual compensation may not be deductible. This occurs when the corporation has an agreement (golden parachute) with these key employees to pay them these excess amounts if control of the corporation changes. See section 280G and Regulations section 1.280G-1. Also see the instructions for line 12.

Business start-up and organizational costs. A corporation can elect to deduct up to \$5,000 of business start-up and up to \$5,000 of organizational costs paid or incurred after October 22, 2004. Any remaining costs must be amortized. The \$5,000 deduction is reduced (but not below zero) by the amount the total costs exceed \$50,000. If the total costs are \$55,000 or more, the deduction is reduced to zero. See sections 195(b) and 248(a).

Special rule for 2010 start-up costs. For a tax year beginning in 2010, a corporation can elect to deduct up to \$10,000 of business start-up costs paid or incurred after December 31, 2009. The

\$10,000 deduction is reduced (but not below zero) by the amount such start-up costs exceed \$60,000. Any remaining costs must be amortized. See section 195(b)(3).

Time for making an election. The corporation generally elects to deduct start-up or organizational costs by claiming the deduction on its income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins. However, for start-up or organizational costs paid or incurred before September 9, 2008, the corporation may be required to attach a statement to its return to elect to deduct such costs. See Temporary Regulations sections 1.195-1T and 1.248-1T for details.

If the corporation timely filed its return for the year without making an election, it can still make an election by filing an amended return within 6 months of the due date of the return (excluding extensions). Clearly indicate the election on the amended return and write "Filed pursuant to section 301.9100-2" at the top of the amended return. File the amended return at the same address the corporation filed its original return. The election applies when figuring taxable income for the current tax year and all subsequent years.

**Note.** The corporation can choose to forgo the elections above by clearly electing to capitalize its start-up or organizational costs on an income tax return filed by the due date (including extensions) for the tax year in which the active trade or business begins.

Report the deductible amount of start-up and organizational costs and any amortization on line 26. For amortization that begins during the 2010 tax year, complete and attach Form 4562. See the instructions for Form 4562.

For more details on business start-up and organizational costs, see Pub. 535, Business Expenses.

Passive activity limitations. Limitations on passive activity losses and credits under section 469 apply to personal service corporations (defined on page 7) and closely held corporations (defined later).

Generally, the two kinds of passive activities are:

- Trade or business activities in which the corporation did not materially participate for the tax year; and
- Rental activities, regardless of its participation.

For exceptions, see Form 8810, Corporate Passive Activity Loss and Credit Limitations.

Corporations subject to the passive activity limitations must complete Form 8810 to compute their allowable passive activity loss and credit. Before completing Form 8810, see Temporary Regulations section 1.163-8T, which provides rules for allocating interest expense among activities. If a passive activity is also

subject to the earnings stripping rules of section 163(j), the at-risk rules of section 465, or the tax-exempt use loss rules of section 470, those rules apply before the passive loss rules.

For more information, see section 469, the related regulations, and Pub. 925, Passive Activity and At-Risk Rules.

Closely held corporations. A corporation is a closely held corporation

- At any time during the last half of the tax year more than 50% in value of its outstanding stock is directly or indirectly owned by or for not more than five individuals, and
- The corporation is not a personal service corporation.

Certain organizations are treated as individuals for purposes of this test. See section 542(a)(2). For rules for determining stock ownership, see section 544 (as modified by section 465(a)(3))

Reducing certain expenses for which credits are allowable. If the corporation claims any of the following credits, it may need to reduce the otherwise allowable deductions for expenses used to figure the credit.

- Work opportunity credit (Form 5884).
- · Credit for Increasing research activities (Form 6765).
- Orphan drug credit (Form 8820).
- Disabled access credit (Form 8826).
- Empowerment zone and renewal community employment credit (Form 8844).
- Indian employment credit (Form 8845).
- Employer credit for social security and Medicare taxes paid on certain employee tips (Form 8846).
- Credit for small employer pension plan start-up costs (Form 8881).
- Credit for employer-provided childcare facilities and services (Form 8882).
- Low sulfur diesel fuel production credit (Form 8896).
- Mine rescue team training credit (Form 8923)
- Agricultural chemicals security credit (Form 8931).
- Credit for employer differential wage payments (Form 8932).
- Credit for small employer health insurance premiums (Form 8941).

If the corporation has any of these credits, figure the current year credit before figuring the deduction for expenses on which the credit is based. If the corporation capitalized any costs on which it figured the credit, it may need to reduce the amount capitalized by the credit attributable to these costs.

If the corporation has qualified investment taken into account in determining the qualified therapeutic discovery project credit or grant, it may need to reduce the otherwise allowable deductions for such qualified investment. See section 280C(g) and Notice 2010-45, 2010-23 I.R.B. 734.

See the instructions for the form used to figure the applicable credit for more details.

Limitations on deductions related to property leased to tax-exempt entities. If a corporation leases property to a governmental or other tax-exempt entity, the corporation cannot claim deductions related to the property to the extent that they exceed the corporation's income from the lease payments. This disallowed tax-exempt use loss can be carried over to the next tax year and treated as a deduction with respect to the property for that tax year. See section 470 for more details and exceptions.

#### Line 12. Compensation of Officers

Enter deductible officers' compensation on line 12. Do not include compensation deductible elsewhere on the return, such as amounts included in cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

Complete Schedule E if the total receipts (line 1a, plus lines 4 through 10) are \$500,000 or more. Include only the deductible part of each officer's compensation on Schedule E. See Disallowance of deduction for employee compensation in excess of \$1 million below. Complete Schedule E, line 1, columns (a) through (f), for all officers. The corporation determines who is an officer under the laws of the state where it is incorporated.

If a consolidated return is filed, each member of an affiliated group must furnish this information.

Disallowance of deduction for employee compensation in excess of \$1 million. Publicly held corporations cannot deduct compensation to a "covered employee" to the extent that the compensation exceeds \$1 million. Generally, a covered employee is:

- The principal executive officer of the corporation (or an individual acting in that capacity) as of the end of the tax year or
- An employee whose total compensation must be reported to shareholders under the Securities Exchange Act of 1934 because the employee is among the three highest compensated officers for that tax year (other than the principal executive officer).

For this purpose, compensation does not include the following.

- Income from certain employee trusts, annuity plans, or pensions.
- · Any benefit paid to an employee that is excluded from the employee's income.

The deduction limit does not apply to: Commissions based on individual

- performance, Qualified performance-based
- compensation, and

 Income payable under a written, binding contract in effect on February 17,

The \$1 million limit is reduced by amounts disallowed as excess parachute payments under section 280G.

See section 162(m) and Regulations section 1.162-27. Also see Notice 2007-49, 2007-25 I.R.B. 1429.

Limitations on tax benefits for executive compensation under the **Treasury Troubled Asset Relief** Program (TARP). The \$1 million compensation limit is reduced to \$500,000 for executive remuneration and deferred deduction executive remuneration paid to covered executives by any entity that receives or has received financial assistance under TARP. The limit applies for each period in which obligations arising from financial assistance under TARP remain outstanding. The \$500,000 is reduced by any amounts disallowed as excess parachute payments. See section 162(m)(5) for definitions and other special rules. Also see Notice 2008-94, 2008-44 I.R.B. 1070, for additional guidance.

In addition, a portion of any parachute payments made to a covered executive by an applicable employer participating in a Treasury troubled asset relief program is not deductible as compensation if the payments are made because of a severance from employment during an applicable tax year. For this purpose, a parachute payment is any payment to a senior executive officer for departure from a company for any reason, except for payments for services performed or benefits accrued. These limits do not apply to a payment already treated as a parachute payment. See section 280G(e) and Notice 2008-94.

#### Line 13. Salaries and Wages

Enter the total salaries and wages paid for the tax year. Do not include salaries and wages deductible elsewhere on the return, such as amounts included in officers' compensation, cost of goods sold, elective contributions to a section 401(k) cash or deferred arrangement, or amounts contributed under a salary reduction SEP agreement or a SIMPLE IRA plan.

If the corporation claims a credit for any wages paid or incurred, it may need to reduce its deduction for officer's compensation and salaries and wages. See Reducing certain expenses for which credits are allowable above.

If the corporation provided taxable fringe benefits to its employees, such as personal use of a car, do not deduct as wages the amount allocated for depreciation and other expenses claimed on lines 20 and 26.

#### Line 14. Repairs and Maintenance

Enter the cost of incidental repairs and maintenance not claimed elsewhere on the return, such as labor and supplies,

that do not add to the value of the property or appreciably prolong its life. New buildings, machinery, or permanent improvements that increase the value of the property are not deductible. They must be depreciated or amortized.

#### Line 15. Bad Debts

Enter the total debts that became worthless in whole or in part during the tax year. A small bank or thrift institution using the reserve method of section 585 should attach a schedule showing how it figured the current year's provision. A corporation that uses the cash method of accounting cannot claim a bad debt deduction unless the amount was previously included in income.

#### Line 16. Rents

If the corporation rented or leased a vehicle, enter the total annual rent or lease expense paid or incurred during the year. Also complete Part V of Form 4562, Depreciation and Amortization. If the corporation leased a vehicle for a term of 30 days or more, the deduction for vehicle lease expense may have to be reduced by an amount includible in income called the inclusion amount. The corporation may have an inclusion amount if:

And the vehicle's FMV on the first day of the lease exceeded:

#### The lease term began:

After 12/31/07 but before 1/1/11 . . \$18,500 After 12/31/06 but before 1/1/08 . . \$15,500 After 12/31/04 but before 1/1/07 . . \$15,200

After 12/31/03 but before 1/1/05 . . \$17,500 If the lease term began before January 1, 2004, see Pub. 463, Travel, Entertainment, Gift, and Car Expenses, to find out if the corporation has an inclusion amount. The inclusion amount for lease terms beginning in 2011 will be published in the Internal Revenue Bulletin in early 2011.

See Pub. 463 for instructions on figuring the inclusion amount.

#### Line 17. Taxes and Licenses

Enter taxes paid or accrued during the tax year, but do not include the following.

- Federal income taxes.
- Foreign or U.S. possession income taxes if a foreign tax credit is claimed.
- Taxes not imposed on the corporation.
- Taxes, including state or local sales taxes, that are paid or incurred in connection with an acquisition or disposition of property (these taxes must be treated as a part of the cost of the acquired property or, in the case of a disposition, as a reduction in the amount realized on the disposition).
- Taxes assessed against local benefits that increase the value of the property assessed (such as for paving, etc.).
- Taxes deducted elsewhere on the return, such as those reflected in cost of goods sold.

See section 164(d) for information on apportionment of taxes on real property between seller and purchaser.

#### Line 18. Interest

**Note.** Do not offset interest income against interest expense.

The corporation must make an interest allocation if the proceeds of a loan were used for more than one purpose (for example, to purchase a portfolio investment and to acquire an interest in a passive activity). See Temporary Regulations section 1.163-8T for the interest allocation rules.

Mutual savings banks, building and loan associations, and cooperative banks can deduct the amounts paid or credited to the accounts of depositors as dividends, interest, or earnings. See section 591.

- Do not deduct the following interest.

  Interest on indebtedness incurred or continued to purchase or carry obligations if the interest is wholly exempt from income tax. See section 265(b) for special rules and exceptions for financial institutions. Also see section 265(b)(7) for a de minimis exception for financial institutions for certain tax-exempt bonds issued in 2009 and 2010.
- For cash basis taxpayers, prepaid interest allocable to years following the current tax year. For example, a cash basis calendar year taxpayer who in 2010 prepaid interest allocable to any period after 2010 can deduct only the amount allocable to 2010.
- Interest and carrying charges on straddles. Generally, these amounts must be capitalized. See section 263(g).
- Interest on debt allocable to the production of designated property by a corporation for its own use or for sale. The corporation must capitalize this interest. Also capitalize any interest on debt allocable to an asset used to produce the property. See section 263A(f) and Regulations sections 1.263A-8 through 1.263A-15 for definitions and more information.
- Interest paid or incurred on any portion of an underpayment of tax that is attributable to an understatement arising from an undisclosed listed transaction or an undisclosed reportable avoidance transaction (other than a listed transaction) entered into in tax years beginning after October 22, 2004.

#### Special rules apply to:

- Disqualified interest on certain indebtedness under section 163(j). See Form 8926, Disqualified Corporate Interest Expense Disallowed Under Section 163(j) and Related Information, and the related Instructions.
- Interest on which no tax is imposed (see section 163(j)). A corporation that owns an interest in a partnership, directly or indirectly, must treat its distributive share of the partnership liabilities, interest income, and interest expense as liabilities, income, and expenses of the corporation for purposes of applying the

- earnings stripping rules. For more details, see section 163(j)(8).
- Forgone interest on certain below-market-rate loans (see section 7872).
- Original issue discount (OID) on certain high-yield discount obligations. See section 163(e)(5) to determine the amount of the deduction for original issue discount that is deferred and the amount that is disallowed on a high-yield discount obligation. The rules under section 163(e)(5) do not apply to certain high-yield discount obligations issued after August 31, 2008 and before January 1, 2011. See section 163(e)(5)(F). Also see Notice 2010-11, 2010-4 I.R.B. 326.
- Interest which is allocable to unborrowed policy cash values of life insurance, endowment, or annuity contracts issued after June 8, 1997. See section 264(f). Attach a statement showing the computation of the deduction.
- Section 108(i) OID deduction. If the corporation issued a debt instrument with OID that is subject to section 108(i)(2) because of an election to defer the income from the cancellation of debt (COD), the interest deduction for this OID is deferred until the COD is includible in income. The accrued OID is allowed as a deduction ratably over the 5-year period that the income from COD is includible in income. The deduction is limited to the amount of COD subject to the section 108(i) election. See section 108(i) for more details. Also see page 6 of the instructions for the annual information statement that is required if the election under section 108(i) is made.

# Line 19. Charitable Contributions

Enter contributions or gifts actually paid within the tax year to or for the use of charitable and governmental organizations described in section 170(c) and any unused contributions carried over from prior years. Special rules and limits apply to contributions to organizations conducting lobbying activities. See section 170(f)(9).

Corporations reporting taxable income on the accrual method can elect to treat as paid during the tax year any contributions paid by the 15th day of the 3rd month after the end of the tax year if the contributions were authorized by the board of directors during the tax year. Attach a declaration to the return stating that the resolution authorizing the contributions was adopted by the board of directors during the tax year. The declaration must include the date the resolution was adopted. See Regulations section 1.170A-11.

If the corporation contributed money for the relief of victims in areas affected by the January 12,

2010 earthquake in Haiti and chose to deduct those amounts on its 2009 return instead of its 2010 return, **do not** include those amounts again on line 19.

Limitation on deduction. The total amount claimed cannot be more than 10% of taxable income (line 30) computed without regard to the following.

- Any deduction for contributions.
- The special deductions on line 29b.
- The limitation under section 249 on the deduction for bond premium.
- The domestic production activities deduction under section 199.
- Any net operating loss (NOL) carryback to the tax year under section 172.
- Any capital loss carryback to the tax year under section 1212(a)(1).

Suspension of 10% limitation for farmers and ranchers. A corporation that is a qualified farmer or rancher (as defined in section 170(b)(1)(E)) that does not have publicly traded stock, can deduct contributions of qualified conservation property without regard to the general 10% limit. The total amount of the contribution claimed for the qualified conservation property cannot exceed 100% of the excess of the corporation's taxable income (as computed above substituting "100%" for "10%") over all other allowable charitable contributions. Any excess qualified conservation contributions can be carried over to the next 15 years, subject to the 100% limitation. See section 170(b)(2)(B).

**Carryover.** Charitable contributions over the 10% limitation cannot be deducted for the tax year but can be carried over to the next 5 tax years.

Special rules apply if the corporation has an NOL carryover to the tax year. In figuring the charitable contributions deduction for the current tax year, the 10% limit is applied using the taxable income after taking into account any deduction for the NOL.

To figure the amount of any remaining NOL carryover to later years, taxable income must be modified (see section 172(b)). To the extent that contributions are used to reduce taxable income for this purpose and increase an NOL carryover, a contributions carryover is not allowed. See section 170(d)(2)(B).

Cash contributions. For contributions of cash, check, or other monetary gifts (regardless of the amount), the corporation must maintain a bank record, or a receipt, letter, or other written communication from the donee organization indicating the name of the organization, the date of the contribution, and the amount of the contribution.

Contributions of \$250 or more. A corporation can deduct a contribution of \$250 or more only if it gets a written acknowledgment from the donee organization that shows the amount of cash contributed, describes any property contributed, and, either gives a description and a good faith estimate of the value of any goods or services provided in return for the contribution or states that no goods or services were provided in return for the contribution. The acknowledgment must be obtained by the

due date (including extensions) of the corporation's return, or, if earlier, the date the return is filed. Do not attach the acknowledgment to the tax return, but keep it with the corporation's records.

Contributions of property other than cash. If a corporation (other than a closely held or personal service corporation) contributes property other than cash and claims over a \$500 deduction for the property, it must attach a schedule to the return describing the kind of property contributed and the method used to determine its fair market value (FMV). Closely held corporations and personal service corporations must complete Form 8283, Noncash Charitable Contributions, and attach it to their returns. All other corporations generally must complete and attach Form 8283 to their returns for contributions of property (other than money) if the total claimed deduction for all property contributed was more than \$5,000. Special rules apply to the contribution of certain property. See the Instructions for Form 8283.

Qualified conservation contributions. Special rules apply to qualified conservation contributions, including contributions of certain easements on buildings located in a registered historic district. See section 170(h) and Pub. 526, Charitable Contributions.

Other special rules. The corporation must reduce its deduction for contributions of certain capital gain property. See sections 170(e)(1) and 170(e)(5).

A larger deduction is allowed for certain contributions of:

- Inventory and other property to certain organizations for use in the care of the ill, needy, or infants (see section 170(e)(3)), including contributions of "apparently wholesome food" (see section 170(e)(3)(C)), and contributions of qualified book inventory to public schools (see section 170(e)(3)(D));
- Scientific equipment used for research to institutions of higher learning or to certain scientific research organizations (other than by personal holding companies and service organizations (section 170(e)(4)); and
- Computer technology and equipment for educational purposes (section 170(e)(6)).

For more information on charitable contributions, including substantiation and recordkeeping requirements, see section 170 and the related regulations and Pub. 526. For other special rules that apply to corporations, see Pub. 542.

#### Line 20. Depreciation

Include on line 20 depreciation and the cost of certain property that the corporation elected to expense under section 179. See Form 4562 and the Instructions for Form 4562.

#### Line 21. Depletion

See sections 613 and 613A for percentage depletion rates applicable to natural deposits. Also see section 291 for the limitation on the depletion deduction for iron ore and coal (including lignite).

Attach Form T (Timber), Forest Activities Schedule, if a deduction for depletion of timber is taken.

Foreign intangible drilling costs and foreign exploration and development costs must either be added to the corporation's basis for cost depletion purposes or be deducted ratably over a 10-year period. See sections 263(i), 616, and 617 for details.

See Pub. 535 for more information on depletion.

#### Line 23. Pension, Profit-Sharing, etc., Plans

Enter the deduction for contributions to qualified pension, profit-sharing, or other funded deferred compensation plans. Employers who maintain such a plan generally must file one of the forms listed below unless exempt from filing under regulations or other applicable guidance, even if the plan is not a qualified plan under the Internal Revenue Code. The filing requirement applies even if the corporation does not claim a deduction for the current tax year. There are penalties for failure to file these forms on time and for overstating the pension plan deduction. See sections 6652(e) and 6662(f). Also see the instructions for the applicable form.

**Form 5500,** Annual Return/Report of Employee Benefit Plan.

Form 5500-SF Short Form Annual Return/Report of Small Employee Benefit Plan, instead of Form 5500, generally if under 100 participants at the beginning of the plan year.

**Note.** Form 5500 and Form 5500-SF must be filed electronically under the computerized ERISA Filing Acceptance System (EFAST2). For more information, see the EFAST2 website at www.efast.dol.gov.

Form 5500-EZ, Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan. File this form for a plan that only covers the owner (or the owner and his or her spouse) but only if the owner (or the owner and his or her spouse) owns the entire business.

# Line 24. Employee Benefit Programs

Enter contributions to employee benefit programs not claimed elsewhere on the return (for example, insurance, health and welfare programs, etc.) that are not an incidental part of a pension, profit-sharing, etc., plan included on line 23.

#### Line 26. Other Deductions

Attach a schedule, listing by type and amount, all allowable deductions that are not deductible elsewhere on Form 1120. Enter the total on line 26.

Examples of other deductions include the following. See Pub. 535 and Pub. 542 for details on other deductions that may apply to corporations.

- Amortization. See Part VI of Form 4562.
- Certain costs of qualified film or television productions that the corporation elects to deduct. See section 181 and Temporary Regulations section 1.181-1T.
- Certain business start-up and organizational costs. See page 9 of the instructions.
- Certain environmental remediation costs that the corporation elects to deduct. See section 198.
- Certain qualified disaster expenses that the corporation elects to deduct. See section 198A.
- Reforestation costs. The corporation can elect to deduct up to \$10,000 of qualifying reforestation expenses for each qualified timber property. The corporation can elect to amortize over 84 months any amount not deducted. See Pub. 535.
- Insurance premiums.
- Legal and professional fees.
- Supplies used and consumed in the business.
- Travel, meals, and entertainment expenses. Special rules apply (discussed below).
- Utilities.
- Ordinary losses from trade or business activities of a partnership (from Schedule K-1 (Form 1065 or 1065-B)). Do not offset ordinary income against ordinary losses. Instead, include the income on line 10. Show the partnership's name, address, and EIN on a separate statement attached to this return. If the amount is from more than one partnership, identify the amount from each partnership.
- Any extraterritorial income exclusion (from Form 8873, line 52).
- Any negative net section 481(a) adjustment. See the instructions for line
- Deduction for certain energy efficient commercial building property placed in service during the tax year. See section 179D, Notice 2008-40, 2008-14 I.R.B. 725, and Notice 2006-52, 2006-26 I.R.B. 1175.
- Dividends paid in cash on stock held by an employee stock ownership plan.
   However, a deduction can only be taken for the dividends above if, according to the plan, the dividends are:
- 1. Paid in cash directly to the plan participants or beneficiaries;
- 2. Paid to the plan, which distributes them in cash to the plan participants or their beneficiaries no later than 90 days after the end of the plan year in which the dividends are paid;
- 3. At the election of such participants or their beneficiaries (a) payable as provided under 1 or 2 above or (b) paid to the plan and reinvested in qualifying employer securities; or
- 4. Used to make payments on a loan described in section 404(a)(9).

See section 404(k) for more details and the limitation on certain dividends.

Do not deduct the following.

- Fines or penalties paid to a government for violating any law.
- Any amount that is allocable to a class of exempt income. See section 265(b) for exceptions.
- Lobbying expenses. However, see exceptions (discussed below).

Travel, meals, and entertainment.
Subject to limitations and restrictions discussed below, a corporation can deduct ordinary and necessary travel, meals, and entertainment expenses paid or incurred in its trade or business. Also, special rules apply to deductions for gifts, skybox rentals, luxury water travel, convention expenses, and entertainment tickets. See section 274 and Pub. 463 for details.

**Travel.** The corporation cannot deduct travel expenses of any individual accompanying a corporate officer or employee, including a spouse or dependent of the officer or employee, unless:

- That individual is an employee of the corporation, and
- His or her travel is for a bona fide business purpose and would otherwise be deductible by that individual.

**Meals and entertainment.** Generally, the corporation can deduct only 50% of the amount otherwise allowable for meals and entertainment expenses paid or incurred in its trade or business. In addition (subject to exceptions under section 274(k)(2)):

- Meals must not be lavish or extravagant;
- A bona fide business discussion must occur during, immediately before, or immediately after the meal; and
- An employee of the corporation must be present at the meal.

See section 274(n)(3) for a special rule that applies to expenses for meals consumed by individuals subject to the hours of service limits of the Department of Transportation.

Membership dues. The corporation can deduct amounts paid or incurred for membership dues in civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards. However, no deduction is allowed if a principal purpose of the organization is to entertain, or provide entertainment facilities for, members or their guests. In addition, corporations cannot deduct membership dues in any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion.

Entertainment facilities. The corporation cannot deduct an expense paid or incurred for a facility (such as a yacht or hunting lodge) used for an activity usually considered entertainment, amusement, or recreation.

Amounts treated as compensation. Generally, the corporation may be able to deduct otherwise nondeductible entertainment, amusement, or recreation expenses if the amounts are treated as compensation to the recipient and reported on Form W-2 for an employee or on Form 1099-MISC for an independent contractor.

However, if the recipient is an officer, director, or beneficial owner (directly or indirectly) of more than 10% of any class of stock, the deductible expense is limited. See section 274(e)(2) and Notice 2005-45, 2005-24 I.R.B. 1228.

**Lobbying expenses.** Generally, lobbying expenses are not deductible. These expenses include:

- Amounts paid or incurred in connection with influencing federal or state legislation (but not local legislation) or
- Amounts paid or incurred in connection with any communication with certain federal executive branch officials in an attempt to influence the official actions or positions of the officials. See Regulations section 1.162-29 for the definition of "influencing legislation."

Dues and other similar amounts paid to certain tax-exempt organizations may not be deductible. See section 162(e)(3). If certain in-house lobbying expenditures do not exceed \$2,000, they are deductible.

# Line 28. Taxable Income Before NOL Deduction and Special Deductions

**At-risk rules.** Generally, special at-risk rules under section 465 apply to closely held corporations (see *Passive activity limitations* on page 9) engaged in any activity as a trade or business or for the production of income. These corporations may have to adjust the amount on line 28. (See below.)

The at-risk rules do not apply to:

- Holding real property placed in service by the taxpayer before 1987;
- Equipment leasing under sections 465(c)(4), (5), and (6); or
- Any qualifying business of a qualified corporation under section 465(c)(7).

However, the at-risk rules do apply to the holding of mineral property.

If the at-risk rules apply, adjust the amount on this line for any section 465(d) losses. These losses are limited to the amount for which the corporation is at risk for each separate activity at the close of the tax year. If the corporation is involved in one or more activities, any of which incurs a loss for the year, report the losses for each activity separately. Attach Form 6198, At-Risk Limitations, showing the amount at risk and gross income and

deductions for the activities with the losses.

If the corporation sells or otherwise disposes of an asset or its interest (either total or partial) in an activity to which the at-risk rules apply, determine the net profit or loss from the activity by combining the gain or loss on the sale or disposition with the profit or loss from the activity. If the corporation has a net loss, it may be limited because of the at-risk rules.

Treat any loss from an activity not allowed for the tax year as a deduction allocable to the activity in the next tax year.

# Line 29a. Net Operating Loss Deduction

A corporation can use the NOL incurred in one tax year to reduce its taxable income in another tax year. Enter on line 29a the total NOL carryovers from other tax years, but do not enter more than the corporation's taxable income (after special deductions). Attach a schedule showing the computation of the NOL deduction. Complete item 12 on Schedule K.

The following special rules apply.

- A personal service corporation may not carry back an NOL to or from any tax year to which an election under section 444 to have a tax year other than a required tax year applies.
- A corporate equity reduction interest loss may not be carried back to a tax year preceding the year of the equity reduction transaction (see section 172(b)(1)(E)).
- If an ownership change (described in section 382(g)) occurs, the amount of the taxable income of a loss corporation that may be offset by the pre-change NOL carryovers may be limited. See section 382 and the related regulations. A loss corporation must include the information statement as provided in Regulations section 1.382-11(a), with its income tax return for each tax year that it is a loss corporation in which an ownership shift, equity structures shift, or other transaction described in Temporary Regulations section 1.382-2T(a)(2)(i) occur. If the corporation makes the closing-of-the-books election, see Regulations section 1.382-6(b).

The limitations under section 382 do not apply to certain ownership changes after February 17, 2009, made pursuant to a restructuring plan under the Emergency Economic Stabilization Act of 2008. See section 382(n).

For guidance in applying section 382 to loss corporations whose instruments were acquired by Treasury under certain programs under the Emergency Economic Stabilization Act of 2008, see Notice 2010-2, 2010-2 I.R.B. 251.

• If a corporation acquires control of another corporation (or acquires its assets in a reorganization), the amount of pre-acquisition losses that may offset recognized built-in gain may be limited (see section 384).

- If a corporation elects the alternative tax on qualifying shipping activities under section 1354, no deduction is allowed for an NOL attributable to the qualifying shipping activities to the extent that the loss is carried forward from a tax year preceding the first tax year for which the alternative tax election was made. See section 1358(b)(2).
- If a corporation has a loss attributable to a disaster, special rules apply. See the Instructions for Form 1139.

For more details on the NOL deduction, see section 172 and the Instructions for Form 1139.

# **Line 29b. Special Deductions**See the instructions for Schedule C.

#### Tax and Payments

#### Line 30. Taxable Income

**Minimum taxable income.** The corporation's taxable income cannot be less than the largest of the following amounts.

- The inversion gain of the corporation for the tax year, if the corporation is an expatriated entity or a partner in an expatriated entity. For details, see section 7874.
- The sum of the corporation's excess inclusions from Schedules Q (Form 1066), line 2c, and the corporation's taxable income determined solely with respect to its ownership and high-yield interests in FASITs. For details, see sections 860E(a) and 860J.

Net operating loss (NOL). If line 30 (figured without regard to the items listed above under minimum taxable income), is zero or less, the corporation may have an NOL that can be carried back or forward as a deduction to other tax years.

Generally, a corporation first carries back an NOL 2 tax years. However, the corporation can elect to waive the carryback period and instead carry the NOL forward to future tax years. See the instructions for Schedule K, item 11 on page 20.

Special rules and exceptions to the 2-year carryback period apply to certain NOLs. See the Instructions for Form 1139 for details on these special rules and other elections that may be available, which must be made no later than 6 months after the due date (excluding extensions) of the corporation's tax return.

Merchant Marine capital construction fund. To take a deduction for amounts contributed to a capital construction fund (CCF), reduce the amount that would otherwise be entered on line 30 by the amount of the deduction. On the dotted line next to the entry space, enter "CCF" and the amount of the deduction. For more information, see section 7518.

# Line 32b. Estimated Tax Payments

# Schedule A. Cost of Goods Sold

Generally, inventories are required at the beginning and end of each tax year if the production, purchase, or sale of merchandise is an income-producing factor.

However, if the corporation is a qualifying taxpayer or a qualifying small business taxpayer, it can adopt or change its accounting method to account for inventoriable items in the same manner as materials and supplies that are not incidental, unless its business is a tax shelter as defined in section 448(d)(3).

A qualifying taxpayer is a taxpayer that, for each prior tax year ending after December 16, 1998, has average annual gross receipts of \$1 million or less for the 3 prior tax years.

A qualifying small business taxpayer is a taxpayer (a) that, for each prior tax year ending on or after December 31, 2000, has average annual gross receipts of \$10 million or less for the 3 prior tax years, and (b) whose principal business activity is not an ineligible activity.

Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year the corporation paid for the raw materials or merchandise, if it is also using the cash method). For additional guidance on this method of accounting for inventoriable

items, see Pub. 538 and the Instructions for Form 3115.

Corporations that account for inventoriable items in the same manner as materials and supplies that are not incidental can currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs.

Enter amounts paid for all raw materials and merchandise during the tax year on line 2. The amount the corporation can deduct for the tax year is figured on line 8.

All filers not using the cash method of accounting should see *Section 263A* uniform capitalization rules on page 9 before completing Schedule A.

### Line 1. Inventory at Beginning of Year

If the corporation is changing its method of accounting for the current tax year, it must refigure last year's closing inventory using its new method of accounting and enter the result on line 1. If there is a difference between last year's closing inventory and the refigured amount, attach an explanation and take it into account when figuring the corporation's section 481(a) adjustment.

# Line 4. Additional Section 263A Costs

An entry is required on this line only for corporations that have elected a simplified method of accounting.

For corporations that have elected the simplified production method, additional section 263A costs are generally those costs, other than interest, that were not capitalized under the corporation's method of accounting immediately prior to the effective date of section 263A but are now required to be capitalized under section 263A. For details, see Regulations section 1.263A-2(b).

For corporations that have elected the simplified resale method, additional section 263A costs are generally those costs incurred with respect to the following categories.

- Off-site storage or warehousing.
- Purchasing.
- Handling, such as processing, assembling, repackaging, and transporting.
- General and administrative costs (mixed service costs).

For details, see Regulations section 1.263A-3(d).

Enter on line 4 the balance of section 263A costs paid or incurred during the tax year not includible on lines 2, 3, and 5.

#### Line 5. Other Costs

Enter on line 5 any costs paid or incurred during the tax year not entered on lines 2 through 4.

### Line 7. Inventory at End of Year

See Regulations sections 1.263A-1 through 1.263A-3 for details on figuring the amount of additional section 263A

costs to be included in ending inventory. If the corporation accounts for inventoriable items in the same manner as materials and supplies that are not incidental, enter on line 7 the portion of its raw materials and merchandise purchased for resale that is included on line 6 and was not sold during the year.

# Lines 9a Through 9f. Inventory Valuation Methods

Inventories can be valued at:

- Cost,
- Cost or market value (whichever is lower), or
- Any other method approved by the IRS that conforms to the requirements of the applicable regulations cited on page 16.

However, if the corporation is using the cash method of accounting, it is required to use cost.

Generally, a rolling average method that is used to value inventories for financial accounting purposes does not clearly reflect income for federal income tax purposes. However, if a corporation uses the average cost method for financial accounting purposes, there are two safe harbors under which this method will be deemed to clearly reflect income for federal income tax purposes. See Rev. Proc. 2008-43, 2008-30 I.R.B.186 and Rev. Proc. 2008-52, 2008-36 I.R.B. 587, or its successor, for details.

Corporations that use erroneous valuation methods must change to a method permitted for federal income tax purposes. Use Form 3115 to make this change.

On line 9a, check the method(s) used for valuing inventories. Under lower of cost or market, the term "market" (for normal goods) means the current bid price prevailing on the inventory valuation date for the particular merchandise in the volume usually purchased by the taxpayer. For a manufacturer, market applies to the basic elements of cost—raw materials, labor, and burden. If section 263A applies to the taxpayer, the basic elements of cost must reflect the current bid price of all direct costs and all indirect costs properly allocable to goods on hand at the inventory date.

Inventory may be valued below cost when the merchandise is unsalable at normal prices or unusable in the normal way because the goods are subnormal due to damage, imperfections, shopwear, etc., within the meaning of Regulations section 1.471-2(c). The goods may be valued at the bona fide selling price, minus the direct cost of disposition (but not less than scrap value). Bona fide selling price means actual offering of goods during a period ending not later than 30 days after inventory date.

If this is the first year the Last-in, First-out (LIFO) inventory method was either adopted or extended to inventory goods not previously valued under the LIFO method provided in section 472, attach Form 970, Application To Use LIFO Inventory Method, or a statement with the information required by Form 970. Also check the LIFO box on line 9c. On line 9d, enter the amount or the percent of total closing inventories covered under section 472. Estimates are acceptable.

If the corporation changed or extended its inventory method to LIFO and had to write up the opening inventory to cost in the year of election, report the effect of the write-up as other income (line 10, page 1), proportionately over a 3-year period that begins with the year of the LIFO election (section 472(d)).

**Note.** Corporations using the LIFO method that make an S corporation election or transfer LIFO inventory to an S corporation in a nonrecognition transaction may be subject to an additional tax attributable to the LIFO recapture amount. See the instructions for Schedule J, line 10, on page 19, and line 10, *Other Income*, on page 8.

For more information on inventory valuation methods, see Pub. 538. For more information on changes in the method of accounting for inventory, see Form 3115 and the Instructions for Form 3115.

# Schedule C. Dividends and Special Deductions

For purposes of the 20% ownership test on lines 1 through 7, the percentage of stock owned by the corporation is based on voting power and value of the stock. Preferred stock described in section 1504(a)(4) is not taken into account. Corporations filing a consolidated return should see Regulations sections 1.1502-13, 1.1502-26, and 1.1502-27 before completing Schedule C.

Corporations filing a consolidated return must not report as dividends on Schedule C any amounts received from corporations within the tax consolidation group. Such dividends are eliminated in consolidation rather than offset by the dividends-received deduction.

#### Line 1, Column (a)

Enter dividends (except those received on debt-financed stock acquired after July 18, 1984—see section 246A) that are:

- Received from less-than-20%-owned domestic corporations subject to income tax, and
- Qualified for the 70% deduction under section 243(a)(1).

Also include on line 1 the following.

- Taxable distributions from an IC-DISC or former DISC that are designated as eligible for the 70% deduction and certain dividends of Federal Home Loan Banks. See section 246(a)(2).
- Dividends (except those received on debt-financed stock acquired after July 18, 1984) from a regulated investment company (RIC). The amount of dividends eligible for the dividends-received deduction under section 243 is limited by section 854(b). The corporation should

receive a notice from the RIC specifying the amount of dividends that qualify for the deduction.

Report so-called dividends or earnings received from mutual savings banks, etc., as interest. Do not treat them as dividends.

#### Line 2, Column (a)

Enter on line 2:

- Dividends (except those received on debt-financed stock acquired after July 18, 1984) that are received from 20%-or-more-owned domestic corporations subject to income tax and that are subject to the 80% deduction under section 243(c), and
- Taxable distributions from an IC-DISC or former DISC that are considered eligible for the 80% deduction.

#### Line 3, Column (a)

Enter the following.

- Dividends received on debt-financed stock acquired after July 18, 1984, from domestic and foreign corporations subject to income tax that would otherwise be subject to the dividends-received deduction under section 243(a)(1), 243(c), or 245(a). Generally, debt-financed stock is stock that the corporation acquired by incurring a debt (for example, it borrowed money to buy the stock).
- Dividends received from a RIC on debt-financed stock. The amount of dividends eligible for the dividends-received deduction is limited by section 854(b). The corporation should receive a notice from the RIC specifying the amount of dividends that qualify for the deduction.

#### Line 3, Columns (b) and (c)

Dividends received on debt-financed stock acquired after July 18, 1984, are not entitled to the full 70% or 80% dividends-received deduction. The 70% or 80% deduction is reduced by a percentage that is related to the amount of debt incurred to acquire the stock. See section 246A. Also see section 245(a) before making this computation for an additional limitation that applies to dividends received from foreign corporations. Attach a schedule to Form 1120 showing how the amount on line 3, column (c), was figured.

#### Line 4, Column (a)

Enter dividends received on preferred stock of a less-than-20%-owned public utility that is subject to income tax and is allowed the deduction provided in section 247 for dividends paid.

#### Line 5, Column (a)

Enter dividends received on preferred stock of a 20%-or-more-owned public utility that is subject to income tax and is allowed the deduction provided in section 247 for dividends paid.

#### Line 6, Column (a)

Enter the U.S.-source portion of dividends that:

- Are received from less-than-20%-owned foreign corporations, and
- Qualify for the 70% deduction under section 245(a). To qualify for the 70% deduction, the corporation must own at least 10% of the stock of the foreign corporation by vote and value.

Also include dividends received from a less-than-20%-owned FSC that:

- Are attributable to income treated as effectively connected with the conduct of a trade or business within the United States (excluding foreign trade income), and
- Qualify for the 70% deduction under section 245(c)(1)(B).

#### Line 7, Column (a)

Enter the U.S.-source portion of dividends that:

- Are received from 20%-or-more-owned foreign corporations, and
- Qualify for the 80% deduction under section 245(a).

Also include dividends received from a 20%-or-more-owned FSC that:

- Are attributable to income treated as effectively connected with the conduct of a trade or business within the United States (excluding foreign trade income), and
- Qualify for the 80% deduction under section 245(c)(1)(B).

#### Line 8, Column (a)

Enter dividends received from wholly owned foreign subsidiaries that are eligible for the 100% deduction under section 245(b).

In general, the deduction under section 245(b) applies to dividends paid out of the earnings and profits of a foreign corporation for a tax year during which:

- All of its outstanding stock is directly or indirectly owned by the domestic corporation receiving the dividends, and
- All of its gross income from all sources is effectively connected with the conduct of a trade or business within the United States.

#### Line 9, Column (c)

Generally, line 9, column (c), cannot exceed the amount from the worksheet below. However, in a year in which an NOL occurs, this limitation does not apply even if the loss is created by the dividends-received deduction. See sections 172(d) and 246(b).

#### Line 10, Columns (a) and (c)

Small business investment companies operating under the Small Business Investment Act of 1958 (see 15 U.S.C. 661 and following) must enter dividends that are received from domestic corporations subject to income tax even though a deduction is allowed for the entire amount of those dividends. To claim the 100% deduction on line 10, column (c), the company must file with its return a statement that it was a federal licensee under the Small Business

Investment Act of 1958 at the time it received the dividends.

#### Line 11, Columns (a) and (c)

Enter only dividends that qualify under section 243(b) for the 100% dividends-received deduction described in section 243(a)(3). Corporations taking this deduction are subject to the provisions of section 1561.

The 100% deduction does not apply to affiliated group members that are joining in the filing of a consolidated return.

Include gross-up for taxes deemed paid under sections 902 and 960.

#### Line 16, Column (a)

Enter taxable distributions from an IC-DISC or former DISC that are designated as not eligible for a dividends-received deduction.

No deduction is allowed under section 243 for a dividend from an IC-DISC or former DISC (as defined in section 992(a)) to the extent the dividend:

- Is paid out of the corporation's accumulated IC-DISC income or previously taxed income, or
- Is a deemed distribution under section 995(b)(1).

#### Line 17, Column (a)

Include the following.

- 1. Dividends (other than capital gain distributions reported on Schedule D (Form 1120) and exempt-interest dividends) that are received from RICs and that are not subject to the 70% deduction.

- 3. Dividends (other than capital gain distributions) received from a REIT that, for the tax year of the trust in which the dividends are paid, qualifies under sections 856 through 860.
- 4. Dividends not eligible for a dividends-received deduction, which include the following.

See section 246(c)(4) and Regulations section 1.246-5 for more details.

- b. Dividends attributable to periods totaling more than 366 days that the corporation received on any share of preferred stock held for less than 91 days during the 181-day period that began 90 days before the ex-dividend date. When counting the number of days the corporation held the stock, you cannot count certain days during which the corporation's risk of loss was diminished. See section 246(c)(4) and Regulations section 1.246-5 for more details. Preferred dividends attributable to periods totaling less than 367 days are subject to the 46-day holding period rule above.
- c. Dividends on any share of stock to the extent the corporation is under an obligation (including a short sale) to make related payments with respect to positions in substantially similar or related property.

If patronage dividends or per-unit retain allocations are included on line 17, identify the total of these amounts in a schedule attached to Form 1120.

#### Line 18, Column (c)

Section 247 allows public utilities a deduction of 40% of the smaller of (a) dividends paid on their preferred stock during the tax year, or (b) taxable income computed without regard to this deduction. In a year in which an NOL occurs, compute the deduction without regard to section 247(a)(1)(B). See section 172(d).

Alternative tax on qualifying shipping activities. Enter any alternative tax on qualifying shipping activities from Form 8902. Check the box for Form 8902.

**Other.** Additional taxes and interest amounts can be included in the total entered on line 9. Check the box for "Other" if the corporation includes any additional taxes and interest such as the items discussed below. See *How to report* below for details on reporting these amounts on an attached schedule.

- Recapture of Indian employment credit. Generally, if an employer terminates the employment of a qualified employee less than 1 year after the date of initial employment, any Indian employment credit allowed for a prior tax year because of wages paid or incurred to that employee must be recaptured. For details, see Form 8845 and section 45A.
- Recapture of new markets credit (see Form 8874).
- Recapture of employer-provided childcare facilities and services credit (see Form 8882).
- Tax and interest on a nonqualified withdrawal from a capital construction fund (section 7518(g)).
- Interest on deferred tax attributable to (a) installment sales of certain timeshares and residential lots (section 453(I)(3)) and (b) certain nondealer installment obligations (section 453A(c)).
- Interest due on deferred gain (section 1260(b)).

How to report. If the corporation checked the "Other" box, attach a schedule showing the computation of each item included in the total for line 9 and identify the applicable Code section and the type of tax or interest.

#### Line 10

Include any deferred tax on the termination of a section 1294 election applicable to shareholders in a qualified electing fund in the amount entered on line 10. See Form 8621, Part V, and *How to report*, below.

**Subtract** the following amounts from the total for line 10.

- Deferred tax on the corporation's share of undistributed earnings of a qualified electing fund (see Form 8621, Part II).
- Deferred LIFO recapture tax (section 1363(d)). This tax is the part of the LIFO recapture tax that will be deferred and paid with Form 1120S in the future. To figure the deferred tax, first figure the total LIFO recapture tax. Follow the steps below to figure the total LIFO recapture

tax and the deferred amount. Also see the instructions regarding LIFO recapture amount on page 8 under *Line 10. Other Income* 

**Step 1.** Figure the tax on the corporation's income including the LIFO recapture amount. (Complete Schedule J through line 9, but do not enter a total on line 10 yet.)

**Step 2.** Using a separate worksheet, complete Schedule J again, but do not include the LIFO recapture amount in the corporation's taxable income.

**Step 3.** Compare the tax in Step 2 to the tax in Step 1. (The difference between the two is the LIFO recapture tax.)

**Step 4.** Multiply the amount figured in Step 3 by 75%. (The result is the deferred LIFO recapture tax.)

How to report. Attach a schedule showing the computation of each item included in, or subtracted from, the total for line 10. On the dotted line next to line 10, specify (a) the applicable Code section, (b) the type of tax, and (c) enter the amount of tax. For example, if the corporation is deferring a \$100 LIFO recapture tax, subtract this amount from the total on line 10, then enter "Section 1363-Deferred Tax-\$100" on the dotted line next to line 10.

# Schedule K. Other Information

Complete all items that apply to the corporation.

#### Question 2

See the list of Principal Business Activity Codes beginning on page 22 of the instructions. Using the list of codes and activities, determine from which activity the corporation derives the highest percentage of its total receipts. Enter on lines 2a, 2b, and 2c the principal business activity code number, the corporation's business activity, and a description of the principal product or service of the corporation.

#### **Question 3**

Check the "Yes" box for question 3 if:

• The corporation is a subsidiary in an affiliated group (defined below), but is not filing a consolidated return for the tax year

with that group, or

 The corporation is a subsidiary in a parent-subsidiary controlled group. For a definition of a parent-subsidiary controlled group, see the Instructions for Schedule O (Form 1120).

Any corporation that meets either of the requirements above should check the "Yes" box. This applies even if the corporation is a subsidiary member of one group and the parent corporation of another.

**Note.** If the corporation is an "excluded member" of a controlled group (see definition in the Instructions for Schedule O (Form 1120)), it is still considered a

member of a controlled group for this purpose.

Affiliated group. An affiliated group is one or more chains of includible corporations (section 1504(a)) connected through stock ownership with a common parent corporation. The common parent must be an includible corporation and the following requirements must be met.

- 1. The common parent must own directly stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of at least one of the other includible corporations.
- 2. Stock that represents at least 80% of the total voting power and at least 80% of the total value of the stock of each of the other corporations (except for the common parent) must be owned directly by one or more of the other includible corporations.

For this purpose, the term "stock" generally does not include any stock that (a) is nonvoting, (b) is nonconvertible, (c) is limited and preferred as to dividends and does not participate significantly in corporate growth, and (d) has redemption and liquidation rights that do not exceed the issue price of the stock (except for a reasonable redemption or liquidation premium). See section 1504(a)(4).

#### Question 4

# **Constructive Ownership of the Corporation**

**Note.** For supplemental information and examples of reasonable methods for determining the percentage interest owned in a partnership for purposes of Question 4 and Question 5, go to <a href="www.irs.gov">www.irs.gov</a>. Click on "Businesses", click on "Partnerships", and click on "Form 1065 Frequently Asked Questions."

For purposes of question 4, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in corporate stock and ownership of interests in the profit, loss, or capital of a partnership. If the corporation checked "Yes" to question 4a or 4b, complete and attach new Schedule G (Form 1120), Information on Certain Persons Owning the Corporation's Voting Stock.

#### Question 5

## Constructive Ownership of Other Entities

For purposes of determining the corporation's constructive ownership of other entities, the constructive ownership rules of section 267(c) (excluding section 267(c)(3)) apply to ownership of interests in partnerships and trusts as well as corporate stock. Generally, if an entity (a corporation, partnership, or trust) is owned, directly or indirectly, by or for another entity (corporation, partnership, estate, or trust), the owned entity is considered to be owned proportionately by or for the owners (shareholders.

partners, or beneficiaries) of the owning entity.

#### **Question 5a**

List each foreign or domestic corporation not included on Form 851, Affiliations Schedule, in which the corporation, at the end of the tax year, owned directly 20% or more, or owned, directly or indirectly, 50% or more of the total voting power of all classes of stock entitled to vote. Indicate the name of the corporation, EIN (if any), country of incorporation, and the percentage interest owned, directly or indirectly, in the total voting power. List the parent corporation of an affiliated group of corporations filing a consolidated tax return rather than the subsidiary members except for subsidiary members in which an interest is owned, directly or indirectly, independent of the interest owned, directly or indirectly, in the parent corporation. List a corporation owned through a disregarded entity rather than the disregarded entity.

#### **Question 5b**

List each foreign or domestic partnership in which the corporation, at the end of the tax year, owned directly an interest of 20% or more, or owned, directly or indirectly, an interest of 50% or more in the profit, loss, or capital of the partnership. List each trust in which the corporation, at the end of the tax year, owned directly an interest of 20% or more, or owned, directly or indirectly, an interest of 50% or more in the trust beneficial interest. Indicate the name, EIN (if any), country of organization, and the maximum percentage interest owned, directly or indirectly, in the profit, loss, or capital of the partnership at the end of the partnership tax year, or, for a trust, the percentage interest owned in the trust beneficial interest. List a partnership or trust owned through a disregarded entity rather than the disregarded entity.

Maximum percentage owned in partnership profit, loss, or capital. For the purposes of question 5b, the term "maximum percentage owned" means the highest percentage of interest in a partnership's profit, loss, or capital as of the end of the partnership's tax year, as determined under the partnership agreement, when taking into account the constructive ownership rules on page 19. If the partnership agreement does not express the partner's share of profit, loss, and capital as fixed percentages, use a reasonable method in arriving at the percentage items for the purposes of completing question 5b. Such method must be consistent with the partnership agreement. The method used to compute a percentage share of profit, loss, and capital must be applied consistently from year to year. Maintain records to support the determination of the share of profits, losses, and share of capital.

**Example.** Corporation A owns, directly, a 50% interest in the profit, loss, or capital of Partnership B. Corporation A also owns, directly, a 15% interest in the

profit, loss, or capital of Partnership C and owns, directly, 15% of the voting stock of Corporation D. Partnership B owns, directly, a 70% interest in the profit, loss, or capital of Partnership C and owns, directly, 70% of the voting stock of Corporation D. Corporation A owns, indirectly, through Partnership B, a 35% interest (50% of 70%) in the profit, loss, or capital of Partnership C and owns, indirectly, 35% of the voting stock of Corporation D. Corporation A owns, directly or indirectly, a 50% interest in the profit, loss, or capital of Partnership C (15% directly and 35% indirectly), and owns, directly or indirectly, 50% of the voting stock of Corporation D (15% directly and 35% indirectly).

Corporation A reports in its answer to question 5a that it owns, directly or indirectly, 50% of the voting stock of Corporation D. Corporation A reports in its answer to question 5b that it owns, directly, an interest of 50% in the profit, loss, or capital of Partnership B and owns, directly or indirectly, 50% of the profit, loss, or capital of Partnership C.

#### Question 7

Check the "Yes" box if one foreign person owned at least 25% of (a) the total voting power of all classes of stock of the corporation entitled to vote, or (b) the total value of all classes of stock of the corporation.

The constructive ownership rules of section 318 apply in determining if a corporation is foreign owned. See section 6038A(c)(5) and the related regulations.

Enter on line 7a the percentage owned by the foreign person specified in question 7. On line 7b, enter the name of the owner's country.

**Note.** If there is more than one 25%-or-more foreign owner, complete lines 7a and 7b for the foreign person with the highest percentage of ownership.

**Foreign person.** The term "foreign person" means:

- A foreign citizen or nonresident alien,
- An individual who is a citizen of a U.S. possession (but who is not a U.S. citizen or resident),
- A foreign partnership,
- A foreign corporation,
- Any foreign estate or trust within the meaning of section 7701(a)(31), or
- A foreign government (or one of its agencies or instrumentalities) to the extent that it is engaged in the conduct of a commercial activity as described in section 892.

**Owner's country.** For individuals, the term "owner's country" means the country of residence. For all others, it is the country where incorporated, organized, created, or administered.

Requirement to file Form 5472. If the corporation checked "Yes" it may have to file Form 5472, Information Return of a 25% Foreign Owned U.S. Corporation or a Foreign Corporation Engaged in a U.S. Trade or Business. Generally, a 25%

foreign-owned corporation that had a reportable transaction with a foreign or domestic related party during the tax year must file Form 5472. See Form 5472 for filing instructions and penalties for failure to file.

#### Item 9

Show any tax-exempt interest received or accrued. Include any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also, if required, include the same amount on Schedule M-1, line 7 (or Schedule M-3, Part II, line 13, if applicable).

#### Item 11

If the corporation has an NOL, it generally can elect to waive the entire carryback period for the NOL and instead carry the NOL forward to future tax years. To do so, check the box on line 11 and file the tax return by its due date, including extensions. Do not attach the statement described in Temporary Regulations section 301.9100-12T. Once made, the election is irrevocable.

Corporations filing a consolidated return that elects to waive the entire carryback period for the group must also attach the statement required by Regulations section 1.1502-21(b)(3) or the election will not be valid.

#### Item 12

Enter the amount of the NOL carryover to the tax year from prior years, even if some of the loss is used to offset income on this return. The amount to enter is the total of all NOLs generated in prior years but not used to offset income (either as a carryback or carryover) to a tax year prior to 2010. Do not reduce the amount by any NOL deduction reported on line 29a.

#### Question 14

A corporation that files Form 1120 must file Schedule UTP (Form 1120) with its income tax return if:

- The corporation has assets that equal or exceed \$100 million;
- The corporation or a related party issued audited financial statements reporting all or a portion of the corporation's operations for all or a portion of the corporation's tax year; and
- The corporation has one or more tax positions that must be reported on Schedule UTP.

Attach Schedule UTP to the corporation's income tax return. Do not file it separately. A taxpayer that files a protective Form 1120 must also file Schedule UTP if it satisfies the requirements set forth above.

For details, see the Instructions for Schedule UTP.

### Schedule L. Balance Sheets per Books

The balance sheets should agree with the corporation's books and records.

Corporations with total receipts (line 1a plus lines 4 through 10 on page 1) **and** total assets at the end of the tax year less than \$250,000 are not required to complete Schedules L, M-1, and M-2 if the "Yes" box on Schedule K, question 13, is checked. If the corporation is required to complete Schedule L, include total assets reported on Schedule L, line 15, column (d), on page 1, item D.

Corporations with total assets non-consolidated (or consolidated for all corporations included within the tax consolidation group) of \$10 million or more on the last day of the tax year must complete Schedule M-3 (Form 1120) instead of Schedule M-1. See the separate Instructions for Schedule M-3 (Form 1120) for provisions that also affect Schedule L.

If filing a consolidated return, report total consolidated assets, liabilities, and shareholder's equity for all corporations joining in the return. See *Consolidated Return* on page 6 of these instructions.

#### Line 1

Include certificates of deposit as cash on this line.

#### Line 5

Include on this line:

- State and local government obligations, the interest on which is excludable from gross income under section 103(a), and
- Stock in a mutual fund or other RIC that distributed exempt-interest dividends during the tax year of the corporation.

#### Line 26

Some examples of adjustments to report on this line include:

- Unrealized gains and losses on securities held "available for sale."
- Foreign currency translation adjustments.
- The excess of additional pension liability over unrecognized prior service cost.
- Guarantees of employee stock (ESOP) debt.
- Compensation related to employee stock award plans.

If the total adjustment to be entered on line 26 is a negative amount, enter the amount in parentheses.

# Schedule M-1. Reconciliation of Income (Loss) per Books With Income per Return

Corporations with total receipts (line 1a plus lines 4 through 10 on page 1) **and** total assets at the end of the tax year less than \$250,000 are not required to complete Schedules L, M-1, and M-2 if the "Yes" box on Schedule K, question 13, is checked.

Corporations with total assets non-consolidated (or consolidated for all corporations included within the tax consolidation group) of \$10 million or more on the last day of the tax year must complete Schedule M-3 (Form 1120) instead of Schedule M-1. A corporation

filing Form 1120 that is not required to file Schedule M-3 may voluntarily file Schedule M-3 instead of Schedule M-1. See the Instructions for Schedule M-3 (Form 1120) for more information.

#### Line 5c

Include any of the following.

- Meal and entertainment expenses not deductible under section 274(n).
- Expenses for the use of an entertainment facility.
- The part of business gifts over \$25.
- Expenses of an individual over \$2,000, which are allocable to conventions on cruise ships.
- Employee achievement awards over \$400.
- The cost of entertainment tickets over face value (also subject to 50% limit under section 274(n)).
- The cost of skyboxes over the face value of nonluxury box seat tickets.
- The part of luxury water travel expenses not deductible under section 274(m).
- Expenses for travel as a form of education.
- Other nondeductible travel and entertainment expenses.

For more information, see Pub. 542.

#### Line 7

Report any tax exempt interest received or accrued, including any exempt-interest dividends received as a shareholder in a mutual fund or other RIC. Also report this same amount on Schedule K, item 9.

# Principal Business Activity Codes

This list of principal business activities and their associated codes is designed to classify an enterprise by the type of activity in which it is engaged to facilitate the administration of the Internal Revenue Code. These principal business activity codes are based on the North American Industry Classification System.

Using the list of activities and codes below, determine from which activity the company derives the largest percentage of its "total receipts." Total receipts is defined as the sum of gross receipts or sales (page 1, line 1a) plus all other income (page 1, lines 4 through 10). If the company purchases raw materials and supplies them to a subcontractor to produce the finished product, but retains title to the product, the company is considered a manufacturer and must use one of the manufacturing codes (311110-339900).

Once the principal business activity is determined, entries must be made on Form 1120, Schedule K, lines 2a, 2b, and 2c. For the business activity code number, enter on line 2a the six digit code selected from the list below. On the next line (Form 1120, Schedule K, line 2b), enter the company's business activity. Finally, enter a brief description of the principal product or service of the company on Form 1120, Schedule K, line 2c.
